READ—also the following letter from H. TREMENHEERE, Esq., Collector of Bellary, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Bellary, 23rd May 1895, R. P. R. No. 270 :—

With reference to Board's Proceedings, Mis. No. 2231, dated 30th April 1895, I have the honour to submit revised Statements A and C of the programme of famine relief works for 1895–96.

Resolution—dated 17th June 1895, No. 164.

The abstract of the programme of famine relief works for 1895–96, received from the Collector of Bellary, will be submitted for the information of Government.

2. The programme contains provision for the construction of eleven new irrigation works at a cost of 1·26 lakhs, and for repairs to existing works ·91 lakh; for the construction of about 243 miles of new roads to cost 3·41 lakhs and for repairs to old roads 18·61 lakhs, and for other miscellaneous works to cost 3·65 lakhs. The last item includes a sum of nearly Rs. 1,17,000 for the improvement of drinking water-supply and Rs. 2,38,700 for land improvements to be executed with the aid of State loans. The total provision amounts to Rs. 27,84,614 and the works are estimated to be sufficient to provide employment for three months for 41 per cent. of the population of the district. The provision made in all the taluks is adequate. Estimates are stated to be ready for almost all the works.

3. *Statement A—(a).*—In the taluks of Bellary and Kúdligi, two sums of Rs. 50,000 and Rs. 34,000, respectively, are provided for the construction of a new channel from the Tungabhadra between Siruguppa and Kampli, and for constructing a new tank across the Muddula Vanka at Goondabommanahalli. These are stated in the remarks column of the statement to be additional works, but are included in Statement C. These works should have been excluded from the programme, and should have been shown separately at the end of Statement A as works supplemental to those available for famine relief (*vide* rule 9 (3) of paragraph 5 of Board's Proceedings, No. 411, dated 7th June 1892).

(*b*) The amount provided for repairing road No. 1 in the Harpanahalli taluk appears to be Rs. 50,451 and not Rs. 50,541.

Statement C.—The grand total of all the items entered in column 5 of the statement is Rs. 3,65,973 and not Rs. 3,65,928; similarly the total approximate cost of all classes of works in the Rayadrug taluk to be entered in column 25 is Rs. 3,32,981 and not Rs. 3,33,081, while the grand total entered in the same column should be altered from Rs. 27,84,714 into Rs. 27,84,614.

The correct figures have been entered in the copies of the statements submitted to the Board, and the Collector is requested to make the necessary corrections in his office copies.

Proceedings of the Public Works Department, dated 8th June 1895, No. 1361 W.

Letter from the Accountant-General, Madras, dated 25th June 1895, No. S.B.S./112

With reference to acting Assistant Secretary Mr. G. Todhunter's memorandum No. 1367, dated the 13th June 1895, I have the honour to state that the figures advised by the Examiner of Public Works Accounts, Madras, in his letter No. 2689 D/B dated 30th June 1894 were only forecast of the probable actuals for 1893-94. It was only in his statements sent later on with letter No. 4452 C dated 18th November 1894 that the figures were finally revised and adjusted in my accounts. It so happened that the figures for Railways alone agreed in the two communications.
