PUBLIC WORKS DEPARTMENT.

Read—the following papers :—

From F. D'A. O. WOLFE-MURRAY, Esq., Acting Agent to the Governor, Vizagapatam District, to the Chief Secretary to Government, dated 30th November 1894, F. D. No. 1496-Agency.

Referring to G.O., No. 804, Judicial, dated 27th April 1892, I have the honour to report that Mr. French, whose services were lent to the Jeypore estate, assumed charge of his duties as Estate Engineer on the 10th December 1892. The work he was in charge of during the remainder of the official year 1892–93 was practically all Government work, so that it was impossible to judge from the results of that year the incidence of cost on the Jeypore estate and whether it was reasonable. The results of 1893–94, it was considered, would furnish a fair criterion ; but Mr. French fell seriously ill for five months of the year when he was absent on leave at Madras. I however enclose herewith a statement showing the charges on the estate and Government during the year. The former amounted to Rs. 8,602 including the privilege leave allowance paid to him for three months. Mr. French went on privilege leave early in July 1893 to Madras and was detained there for two months more owing to his illness. His pay for the additional two months and his travelling allowance for the five months, two of which were good working months, must therefore be added in order to strike a fair proportion. The former would be Rs. 920 at Rs. 460 per month and the latter may fairly be estimated at Rs. 500, a part of the period of absence being included in the monsoon. The establishment charges may thus be taken at Rs. 10,000 fairly. Of this, Rs. 4,151 were paid by Government in the shape of contribution and Rs. 5,849 borne by the estate. For this latter sum he did work costing Rs. 12,012. The percentage of cost to the estate amounted to 49 per cent. against 12 per cent. paid by Government. This looks very excessive, but as I have already observed the results of the year 1892–93 are not a fair criterion either. Had the Palace estimates been prepared by Mr. Pogson without delay or the Kolab bridge work or the repairs to the bad points on the Jeypore-Nowrangapore road been commenced during the year, the proportion would have been far less and tolerably equitable. I consider that I shall be able to form a fair opinion of his cost to the estate on the results of the current year, but the period for which his services have been lent will expire on the 10th December next, and from what I have seen of him after joining the district he is not on good terms with the Manager or the Divisional officer. Mr. Taylor most emphatically disapproves of the present arrangement and recommends that a separate Engineer for the estate, even on a higher rate of pay, be employed.

2. Mr. French lately applied to me for increase of his pay to Rs. 600 with Rs. 6 per diem as batta and stated that Mr. Willock promised him an increment of pay when he accepted the Estate Engineer's post ; otherwise he stated that application might be made to Government for his return to the Public Works Department on the completion of the two years' loan of his services to the estate.

3. I referred to Mr. Willock at home and he has informed me that he would not mind giving an increase if Mr. French turned out pretty good work for the estate, and if the new buildings were getting on well and fast he would give it.

4. I am not of opinion that the new buildings are getting on well and fast and cannot therefore recommend an increase of pay to Mr. French. I therefore request that necessary orders may be issued recalling him to the Public Works Department, although it is perhaps disadvantageous to put in a new man for the short space of management, unless the Raja will give, as I think he will and ought, a guarantee to employ the new man for at least two or three years. There is plenty for him to do.

5. I have informed Mr. French of my opinion and impressed on him that he cannot expect to be restored to the Public Works Department as early as 10th December 1894, as he has spent five months of his two years in Madras and that he may have therefore to remain in Jeypore for a month or two beyond 10th December.

6. My opinion is strengthened by the fact that Mr. Willock may be returning in February and may either wish or not wish to confirm my proceedings, and the period of time that will elapse before Mr. French leaves will allow of another officer being deputed to succeed him both for the estate and for Government works. I therefore request that the loan of Mr. French's services to Jeypore estate be extended up to the end of the current official year by which time I shall have personally judged of the work done by him or Mr. Willock will have rejoined the district.

OFFICE NOTE.

From
THE Acting CHIEF SECRETARY,

To
The Secretary to Govt.
Public Works Department

In returning counter-initialled the draft sanctioning the retransfer of Mr. French to the Public Works Department, the undersigned has the honour to request

(1) that the draft may be marked for the Hon. Mr. Bliss;

(2) that immediate arrangements may be made in view to the future carrying out of Government works in the Agency.

W 1890.

Submitted with reference to the Chief Secy's office note & to the remarks on the draft Ed.

It was not understood that the charge of Govt. works on the Estate would be relinquished on the retransfer of Mr Gremeli's services –

In Mr Wolfe Murray's letter of 30 November, it is stated ~~that Mr~~ Mr Taylor, the manager of the Estate recommended the employment of a separate engineer on a higher rate of pay if necessary: & it was thought that the new engineer would continue to carry out Govt. works on the same terms as regards contribution –

As however it now appears that this is not the intention; it is proposed to add a para to the draft G.O. as follows:—

"The Supdg Engr. will make immediate arrangements to resume charge of all Govt. Works in the Estate, & will report what redistribution of the staff in the Vizagapatam division is necessary in consequence of this change"

At the same time it will be seen from the papers printed with G.O. No 804 Judicial, d/ 27.4.92 that the transfer of Govt. Works in the Agency tract to the Estate engineer was carried out for reasons quite independent of Mr French's individual appt. as Estate Supdt. Mr Willock wished to take away these works from the P.W. Dept. for reasons, as he thought, of economy & expedition. & he recommended the appt. of an engineer to the estate, who would carry on both estate & agency works. Mr French happened to be the man selected, but if the services of an outsider had been secured at the time, the arrangement would have been carried out all the same.

On Mr Willock's return, the same difficulties & complaints will probably be revived if the P.W. Dept. resumes charge of the Govt works &c.

For orders.

Please see para 4 of Mr Wolfe Murray's letter No 1496 d 30.11.24 in which he stated that he was not satisfied with Mr French's work & could not recommend an increase of pay.

The original proposal was to keep Mr French on the Estate on his present pay until the end of the official year, but W said that as the two years had expired Mr French should not be compelled to unless he himself was willing. Hence the reference to the Revd. Dept in this office No 4074 C of 14-12-94

Mr French now holds out for Rs 600 per mensem, & as Mr Wolfe Murray will not recommend this, the only alternative appears to revert the former to the P.W. Dept.
