Famine Statement C.—Submitting to the Government of India — for 1895-96.

Board of Revenue (Rev. Sett. L., Rds. and Agri.), 27th June 1895, No. 178.

PROCEEDINGS OF THE BOARD OF REVENUE
(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. V. LEVINGE, Esq., C.S., Under Secretary to the Government of India, Department of Revenue and Agriculture, to the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated Simla, the 10th June 1895, No. 802—14-2:—

I am directed to acknowledge the receipt of your endorsement, No. 142-Press, dated the 1st instant, forwarding famine statement C, being the abstract of famine relief works in the Presidency for the year 1895–96, and to point out that the return has not been prepared in the revised form forwarded with Mr. Ibbetson's Circular No. 16–30, dated the 30th July 1894.

2. It is observed that the return is not complete as it does not show the particulars of the programmes of relief works for certain districts, and I am to ask that the Government of India may be furnished, at an early date, with a revised return, in the new form above referred to, giving complete information for the whole Presidency.

Resolution—dated 27th June 1895, No. 178.

The following letter will be despatched to the Under Secretary to the Government of India, Department of Revenue and Agriculture:—

"Sir,

With reference to your letter, No. 802—14-2, dated 10th June 1895, I am directed to forward a revised statement of the famine relief works programmes prepared in this Presidency in the prescribed form."

2. Copy of the above statement will be communicated to all Collectors and the attention of those concerned will be drawn to the remarks of the Board in column 8 of the statement.

1	2	3	4	5	6	7	8
1. Ganjám	1,894	379	15	332	61	..	The districts of Malabar, South Canara, Nilgiris and Madras and the deltaic taluks of Tanjore, Kistna and Gódávari have been exempted from the operation of the rules for the preparation of programmes of famine relief works, under G.O., dated 21st September 1892, No. 991. The programmes are for the rest of the Presidency and include generally the construction and repair of irrigation works and roads and miscellaneous works for the improvement of the drinking-water supply of villages, the clearance of village-sites and the like as well as well-sinking and the clearance of *nuth* grass, &c., to be executed with the aid of loans under the Land Improvement Loans Act. The bulk of the provision falls in most districts under the construction of wells and the repair of existing roads, neither of which class of works is likely to be sanctioned except under the pressure of necessity for providing relief works. The provision made is generally adequate. The entries in columns 4 and 5 of the statement are larger than those in columns 6 and 7 in the case of all districts except South Arcot and Trichinopoly. In those districts, the deficiency in columns 4 and 5 is due to the facts that the Collectors have classified most of the road works proposed as small works, and that the repairs of irrigation works extend over a very large number of small works. The number of persons entered under the head of "sanctioned works" is small in proportion to the total number under other columns in the case of all districts except Bellary and Coimbatore. The Collectors of those other districts have not clearly explained what measures are being taken to bring more of the large works under sanction. They will now be informed that this matter should receive their early attention.

PROCEEDINGS OF THE BOARD OF REVENUE

(Revenue Settlement, Land Records and Agriculture).

Read—the following letter from E. V. LEVINGE, Esq., C.S., Under Secretary to the Government of India, Department of Revenue and Agriculture, to the Secretary to the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated Simla, the 10th June 1895, No. 802—14-2:—

I am directed to acknowledge the receipt of your endorsement, No. 142-Press, dated the 1st instant, forwarding famine statement C, being the abstract of famine relief works in the Presidency for the year 1895–96, and to point out that the return has not been prepared in the revised form forwarded with Mr. Ibbetson's Circular No. 16–30, dated the 30th July 1894.

2. It is observed that the return is not complete as it does not show the particulars of the programmes of relief works for certain districts, and I am to ask that the Government of India may be furnished, at an early date, with a revised return, in the new form above referred to, giving complete information for the whole Presidency.

Resolution—dated 27th June 1895, No. 178.

The following letter will be despatched to the Under Secretary to the Government of India, Department of Revenue and Agriculture:—

"Sir,

With reference to your letter, No. 802—14-2, dated 10th June 1895, I am directed to forward a revised statement of the famine relief works programmes prepared in this Presidency in the prescribed form."

2. Copy of the above statement will be communicated to all Collectors and the attention of those concerned will be drawn to the remarks of the Board in column 8 of the statement.

1	2	3	4	5	6	7	8
1. Ganjám	1,894	379	15	332	61	..	The districts of Malabar, South Canara, Nilgiris and Madras and the deltaic taluks of Tanjore, Kistna and Gódávari have been exempted from the operation of the rules for the preparation of programmes of famine relief works, under G.O., dated 21st September 1892, No. 991. The programmes are for the rest of the Presidency and include generally the construction and repair of irrigation works and roads and miscellaneous works for the improvement of the drinking-water supply of villages, the clearance of village-sites and the like as well as well-sinking and the clearance of *nuth* grass, &c., to be executed with the aid of loans under the Land Improvement Loans Act. The bulk of the provision falls in most districts under the construction of wells and the repair of existing roads, neither of which class of works is likely to be sanctioned except under the pressure of necessity for providing relief works. The provision made is generally adequate. The entries in columns 4 and 5 of the statement are larger than those in columns 6 and 7 in the case of all districts except South Arcot and Trichinopoly. In those districts, the deficiency in columns 4 and 5 is due to the facts that the Collectors have classified most of the road works proposed as small works, and that the repairs of irrigation works extend over a very large number of small works. The number of persons entered under the head of "sanctioned works" is small in proportion to the total number under other columns in the case of all districts except Bellary and Coimbatore. The Collectors of those other districts have not clearly explained what measures are being taken to bring more of the large works under sanction. They will now be informed that this matter should receive their early attention.

READ—the following paper :—

G.O., dated 1st August 1895, No. 1612, Judicial.

Read—the following papers :—

From the Inspector-General of Police, dated 6th July 1895, No. 4092.

From the same officer, dated 10th July 1895, No. 4152.

I have the honour to state that Rs. 2,820 and 1,450 are provided in the Police departmental estimate for 1895-96, for the construction of thirteen huts at Lakshmipuram and six huts at Thallapalam, respectively, in the Vizagapatam district. Rupees 1,780 and 1,900, respectively, have also been sanctioned by the Public Works Department for constructing station-houses at these two places.

2. The Superintendent of Police reports that the Public Works and the Police Departments will thus be working together within a few yards of each other and that competition will be great. Lakshmipuram being situated in the agency, it is difficult to obtain coolies under ordinary circumstances; it will be still more so when the Public Works Department is employing labour in the same place.

3. Estimates for the construction of huts at Lakshmipuram and Thallapalam were prepared by the Public Works Department (*vide* G.Os., dated 11th February 1893 and 8th March 1894, Nos. 331 and 583 J.D., respectively); the works were then transferred to the departmental estimate for 1895-96 in accordance with G.O., dated 6th October 1894, No. 2446 J.D.

4. In the above circumstances I request that Government may be pleased to direct the execution of the works by the Public Works Department as a special case. In his letter No. 999, dated 26th June 1895, to the Superintendent of Police, the Executive Engineer states that he will carry out the work if the sanction of Government is obtained.

5. I beg that early orders may be passed on this letter.

Office-note from the Public Works Department, dated 23rd and 24th July 1895, Nos. 604 D. and 615 D., respectively.

Order—dated 1st August 1895, No. 1612, Judicial.

Thallapalam is within the ordinary range of the operations of the Public Works Department, and the Inspector-General's proposal to entrust that department with the work of constructing police huts at that place is accordingly approved.

2. The Police Department is, however, as well, if not better, qualified to undertake the erection of petty buildings at Balliguda and Lakshmipuram, and the inconvenience of mutual competition for labour at the latter place, to which the Inspector-General alludes, will be obviated by directing the Police Department to build the station-house there as well as the police huts.

3. The necessary transfers of allotments will be arranged in the Financial Department.

Order—dated 10th August 1895, No. 1983 W., Public Works.

Communicated to the Superintending Engineer, I Circle, who will arrange to put in hand the construction of the police huts at Thallapalam, for which an allotment of Rs. 1,450 is made from the Provincial reserve.

2. The budget grant of Rs. 1,780 for the second-class police station-house at Lakshmipuram will be surrendered to the Financial Department in view to the amount being placed at the disposal of the Inspector-General of Police.
