To

The Secretary to the Government of Madras,

Public Works Department.

Calcutta, the 16th January 1895.

Sir,

I am directed to acknowledge the receipt of your letter No. 2874 W, dated the 10th November 1894, forwarding for orders, a letter from the Chairman, Madras Chamber of Commerce, protesting against the introduction into India of the official Telegraphic Vocabulary which the international telegraph conference, held at Paris in 1890, resolved to adopt in the transmission of telegrams exchanged within European limits.

2. In reply, I am to request that it may be pointed out to the Madras Chamber of Commerce that although in paragraph 4 of the Notice, dated the 31st October 1894, issued by the Director of Traffic, Indian Telegraph Department, (which has apparently caused the Chamber's representation) the use of the code is recommended yet it is distinctly stated that its employment in India is not compulsory so that the issue of the Notice in question

does

does not make the employment of the code other than optional in India.

I have the honour to be,

Sir,

Your most obedient servant,

N. F. Macdonald

N. F. Under Secy. to the Govt. of India.
