A. H. Garrett Esq
SUPERINTENDING ENGINEER
FIRST CIRCLE,

TO

THE CHIEF ENGINEER
PUBLIC WORKS DEPARTMENT.

Enclosures.

DOWLAISHWERAM, 7th August 1895.

Desp 8. 8. 95

SIR,

With reference to your Memorandum No. 544 C. dated the 12th February 1895, I have the honor to state that the Executive Engineer Vizagapatam Division to whom numerous reminders have been sent now reports that the land referred to was occupied temporarily with the consent of the villagers, under the Standing order of the Board of Revenue No. 191 rule 2. Subsequently the villagers seem to have disagreed among themselves, and some of them objected to pits being dug.

2. Application for such land as is required for permanent occupation by this Department has been made to the Principal Assistant Collector who will arrange for handing it over.

I

15. 6. 95

I have the honor to be,
Sir,
your most Obedient Svt
Supt. Engr. 1st Circle-

Sir,

I have the honor to enclose report from the Supervisor, Cannanore, of the Ryot shed at Tellicherry.

As this building is apparently in a very dilapidated condition, and liable to fall at any moment I would recommend its being dismantled, and the materials sold.

I have the honor to be
Sir
Your most obedt. Servant

F. Furnivall
Assistant Engineer

Proceedings of the Madras Government.

Read again G.O. d/15th March 1895 No 1150, communicating to the Govt. Pleader, with remarks, letter from the Collector of Tanjore, requesting that the matter of appeal against the decree of the High Court in A. S. No 19 of 1894 may be considered.

Read also letter from E. B. Powell Esqre, Govt. Pleader, Madras, dated 25th March 1895, No 304, stating that an appeal to the Privy Council in A. S. No 19 of 1894 on the file of the High Court is not advisable and requesting Governments sanction for Rs 150 being his fee in the appeal No 19 of 1894.

Read also letter from J. Thomson Esq. Ag. Collector of Tanjore, dated 3rd April 1895, Ref on Cur. No 4419 of 1894, submitting copy of letter to Government Pleader, Madras, forwarding the records in A. S. No 19 of 1894 on the file of the High Court.

Read also letter from the Collector of Tanjore, dated 17th May 1895, Ref. on Cur. No 4419 of 1894, submitting the records of A. S. No. 19 of 1894 on the file of the High Court, Madras.

Order thereon, dated 22nd July 1895, No. 2925 Mis.

The Government agrees with the Government Pleader in thinking that an appeal to the Privy Council is not advisable.

2. With reference to paras 7 and 8 of the Government Pleader's letter, the Government is of opinion th
no fault can be found with Sub Engineer as h

stated his grounds for the [illegible] that the vent [illegible] been altered in 1868. His opinion and the evidence he would give as the Sub Engineer in charge should have been ascertained before the suit was defended, and if he was not a competent witness on the point he should have been made to acknowledge it in cross-examination.

3. The records of the case show the necessity for maintaining accurate plans of all irrigation channels and the masonry works therein. This point will receive further consideration in the Public Works Department.

4. Sanction is ~~afforded~~ accorded for the payment of a fee of Rs 150 to the Government Pleader.

(c) Rs. 1-11-6, interest for 1894-95, was remitted in June 1895.

No. 294—I.B.K.

Forwarded to Madras Government, Ecclesiastical, with reference to Rule (g) of notification annexed to G.O., Ecclesiastical, Nos. 35 and 36, dated 14th April 1893, with the original reports of the officers in charge of cemeteries.

It is submitted that Rule (e) in the notification referred to should be suitably altered, as the Savings Bank now allows interest at the rate of 3 annas per annum on every Rs. 6 and not on Rs. 5. It is also a matter of consideration whether the endowments already accepted should be required to be increased by 20 per cent.

Fort St. George,
26th June 1895.

(Signed) F. C. HARRISON,
Offg. Accountant-General.

Order—dated 10th July 1895, No. 47, Ecclesiastical.

The returns will be recorded.

2. The rules embodied in the Appendix to G.O., No. 35, dated 14th April 1893, will be amended as under and issued for guidance :—

Rules.

(a) The following information with a drawing of the monument, showing the dimensions and material and giving all particulars necessary for the estimate of its repairs, should be sent to the Chaplain or Officer in charge of the cemetery, in order that it may be submitted to the

Archdeacon, together with an estimate of the average annual sum which will be required to keep it in repair. This estimate should be obtained by the Chaplain or Officer in charge of the cemetery from the Executive Engineer of the district:—

Application to erect a Monument or to endow a Monument already erected in the Government Cemetery at———.

(1) Date.
(2) Name of deceased, as inscribed on monument.
(3) Plot, line and number of grave.
(4) If the grave is not of masonry throughout, state what masonry foundations will be provided.
(5) (*a*) If the monument consists of a single stone without border or railings, state if the persons interested wish to pay the minimum endowment fee of Rs. 18.
  (*b*) For any other monument, state—
    I.—Dimensions.
    II.—Kind of stone.
    III.—Whether there is a stone-border.
    IV.—Whether there are railings.
    V.—Whether the letters of the inscription are leaded, painted, gilt, or merely cut.
(6) Cost.
(7) Inscription (to be written on the back of this application).
(8) Name of Architect, Sculptor or Undertaker.
(9) Executive Engineer's estimate for repairs.

The above application (with drawing of Executive Engineer's estimate) is forwarded to the Archdeacon by..........................

——*Chaplain in charge.*

Date—

(*b*) This drawing, &c., if approved of by the Archdeacon, shall be returned by him to the Chaplain or Officer in charge of the cemetery, who will collect the estimated endowment fee and remit it to the Accountant-General.

(*c*) The endowment is intended to cover the cost of ordinary annual maintenance, re-lettering and repairs and not the risk of accidents due to floods or other natural causes, and the sum should be estimated accordingly. In the case of a monument already erected, the Executive Engineer, in his estimate for repairs, shall provide for the monument being placed upon a suitable foundation if he is not satisfied that such already exists. In the event of accident, the friends should be communicated with, and the procedure laid down in the Government of India Rules (Rule XIX, Part I, Appendix M, page 471, of the Public Works Department Code) followed. The repair of fragile or costly work liable to be broken cannot be undertaken by Government and should be excluded in estimating the endowment required.

(*d*) When it is proposed to erect a cross, headstone or slab, consisting of one single stone over an adequate foundation, it is optional to the persons interested to pay the endowment fee for its maintenance, which is fixed at Rs. 18; but if no such fee be paid, the cross, headstone or slab will be liable to removal, if it should need renewal, under Rule XIX referred to above. This optional endowment may be paid at any time after the erection of the stone.

(*e*) The capital amount required to produce the estimated average annual sum at 3⅛ per cent. (the Savings Bank rate of interest) shall be paid to the Chaplain, together with such amount as is required to cover the cost of remitting the principal sum (by Money-order) to the Accountant-General, provided that the minimum capital amount shall be Rs. 18 and that all investments above that amount shall be fixed at such multiple of Rs. 6 as will produce a sum about equivalent to, but not less than, the average annual sum. (*N.B.*—Every 6 Rupees produces at 3⅛ per cent. an annual sum of 3 annas.)

(*f*) The Archdeacon shall grant permission for the erection (or endowment) of the monument as soon as he shall be informed by the Chaplain (or other officer) in charge of the cemetery that the capital fixed as above has been paid to him. The Executive Engineer of the district shall be informed in writing by the Chaplain (or other officer) in charge of the cemetery when the monument is ready for erection, and be requested to see that it is erected in a workmanlike manner and upon a solid foundation, and to bring it when completed upon his list as for repair by the Public Works Department, from funds to be supplied as laid down in Rule (*i*). In the case of an application for the endowment of an old monument the Executive Engineer shall be informed when the endowment has been effected and requested to bring the monument on his list.

(*g*) All monies deposited for repairs to monuments in any one station, or for any one cemetery, shall be treated as belonging to one single account. The interest accruing on such monies shall form a common fund to be used exclusively for the repair of those monuments for which deposits have been made. For each cemetery there shall be a book called the "Record of

0. L. S. 292. R15/8

Endowments," which shall contain columns to the following form, and Chaplains (or other officers) in charge should be very careful to keep a correct list of all endowments in this book, the *names inscribed on the tombstone* being entered:—

When received.	When sent to Accountant-General.	Number on Cemetery Plan.	Name on Monument.	Amount Rs.

In order that Government may know that the tombs are kept in proper repair, an annual report should be forwarded for each cemetery to the Accountant-General, who will consolidate the returns so received and render a general return to Government. The returns should contain remarks, both by the Chaplain and Executive Engineer, as to the state of the tombs for which endowments have been made.

(*h*) When the Archdeacon has granted permission for the erection (or endowment) of the monument, the capital sum received under Rule (*e*) shall be remitted by Money-order to the Accountant-General, who will invest it in a general account to be kept with the Savings Bank. The Accountant-General will, at his discretion from time to time, invest the amount of the general account in Government Paper, if it appears convenient to do so. The interest on the general account shall be drawn once a year by the Accountant-General and remitted to the Chaplains concerned, who shall pay the same into the Government Savings Bank in the names of the Chaplain and Collector (or Chief Civil or Military Officer).

(*i*) Joint estimates shall be framed annually by the Executive Engineer and the Chaplains of the cost of repairs of tombs and the aggregate of the sums so estimated as required for *endowed* tombs shall be placed at the credit of the Executive Engineer, Public Works Department, at the Treasury by the Chaplain or other officer in whose name jointly with that of the Collector (or Chief Civil or Military Officer) the monies are in deposit at the Government Savings Bank.

(*j*) It should be understood that the Chaplain or other officer who is in charge of the cemetery, in accordance with the rules for the care and use of Government cemeteries will be held responsible for seeing that such monuments are kept in proper repair so far as funds are available.

3. The Government does not consider it necessary to request endowers to increase endowments already accepted.

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

Read—the following paper :—

Report of endowments for monuments for the period beginning from June 1893 and ending with 31st March 1895.

Name on monument.	Amount of endowment.	When received.	Interest.			State of repairs.	Officer in charge and the number and date of his report.
			Received.	Paid.	Balance.		
	RS.		RS. A. P.		RS. A. P.		
Mr. Ashton James ..	55	1893. June ..	1 8 9	..	(a) 1 8 9	Is in a good state of repair.	Chaplain of Holy Trinity, Bangalore. Letter dated 19th April 1895.
Wife of Sir Henry Stokes, K.C.S.I., Member of Council, Fort St. George.	250	November.	3 2 0	..	(b) 3 2 0	Wants repairs estimated to cost Rs. 6.	The Venerable the Archdeacon of Madras. Letter, No. 2142, dated 4th June 1895.
Tom Craggs ..	55	1894. March ..	..	..	(c) ..	Is in good order ..	Chaplain of North Black Town, Madras. Letter, No. 11, dated 25th April 1895.

(a) This sum together with Rs. 1-11-6 interest for 1894-95 was remitted in June 1895.
(b) " " " 7-13-0 " " " "
(c) Rs. 1-11-6, interest for 1894-95, was remitted in June 1895.

No. 294—I.B.K.

Forwarded to Madras Government, Ecclesiastical, with reference to Rule (*g*) of notification annexed to G.O., Ecclesiastical, Nos. 35 and 36, dated 14th April 1893, with the original reports of the officers in charge of cemeteries.

It is submitted that Rule (*e*) in the notification referred to should be suitably altered, as the Savings Bank now allows interest at the rate of 3 annas per annum on every Rs. 6 and not on Rs. 5. It is also a matter of consideration whether the endowments already accepted should be required to be increased by 20 per cent.

Fort St. George,
26*th June* 1895.

(Signed) F. C. HARRISON,
Offg. Accountant-General.

Order—dated 10th July 1895, No. 47, Ecclesiastical.

The returns will be recorded.

2. The rules embodied in the Appendix to G.O., No. 35, dated 14th April 1893, will be amended as under and issued for guidance :—

Rules.

(*a*) The following information with a drawing of the monument, showing the dimensions and material and giving all particulars necessary for the estimate of its repairs, should be sent to the Chaplain or Officer in charge of the cemetery, in order that it may be submitted to the

Archdeacon, together with an estimate of the average annual sum which will be required to keep it in repair. This estimate should be obtained by the Chaplain or Officer in charge of the cemetery from the Executive Engineer of the district:—

Application to erect a Monument or to endow a Monument already erected in the Government Cemetery at———.

(1) Date.
(2) Name of deceased, as inscribed on monument.
(3) Plot, line and number of grave.
(4) If the grave is not of masonry throughout, state what masonry foundations will be provided.
(5) (*a*) If the monument consists of a single stone without border or railings, state if the persons interested wish to pay the minimum endowment fee of Rs. 18.
(*b*) For any other monument, state—
I.—Dimensions.
II.—Kind of stone.
III.—Whether there is a stone-border.
IV.—Whether there are railings.
V.—Whether the letters of the inscription are leaded, painted, gilt, or merely cut.
(6) Cost.
(7) Inscription (to be written on the back of this application).
(8) Name of Architect, Sculptor or Undertaker.
(9) Executive Engineer's estimate for repairs.

The above application (with drawing of Executive Engineer's estimate) is forwarded to the Archdeacon by..............................

——*Chaplain in charge.*

Date—

(*b*) This drawing, &c., if approved of by the Archdeacon, shall be returned by him to the Chaplain or Officer in charge of the cemetery, who will collect the estimated endowment fee and remit it to the Accountant-General.

(*c*) The endowment is intended to cover the cost of ordinary annual maintenance, re-lettering and repairs and not the risk of accidents due to floods or other natural causes, and the sum should be estimated accordingly. In the case of a monument already erected, the Executive Engineer, in his estimate for repairs, shall provide for the monument being placed upon a suitable foundation if he is not satisfied that such already exists. In the event of accident, the friends should be communicated with, and the procedure laid down in the Government of India Rules (Rule XIX, Part I, Appendix M, page 471, of the Public Works Department Code) followed. The repair of fragile or costly work liable to be broken cannot be undertaken by Government and should be excluded in estimating the endowment required.

(*d*) When it is proposed to erect a cross, headstone or slab, consisting of one single stone over an adequate foundation, it is optional to the persons interested to pay the endowment fee for its maintenance, which is fixed at Rs. 18; but if no such fee be paid, the cross, headstone or slab will be liable to removal, if it should need renewal, under Rule XIX referred to above. This optional endowment may be paid at any time after the erection of the stone.

(*e*) The capital amount required to produce the estimated average annual sum at $3\frac{1}{8}$ per cent. (the Savings Bank rate of interest) shall be paid to the Chaplain, together with such amount as is required to cover the cost of remitting the principal sum (by Money-order) to the Accountant-General, provided that the minimum capital amount shall be Rs. 18 and that all investments above that amount shall be fixed at such multiple of Rs. 6 as will produce a sum about equivalent to, but not less than, the average annual sum. (*N.B.*—Every 6 Rupees produces at $3\frac{1}{8}$ per cent. an annual sum of 3 annas.)

(*f*) The Archdeacon shall grant permission for the erection (or endowment) of the monument as soon as he shall be informed by the Chaplain (or other officer) in charge of the cemetery that the capital fixed as above has been paid to him. The Executive Engineer of the district shall be informed in writing by the Chaplain (or other officer) in charge of the cemetery when the monument is ready for erection, and be requested to see that it is erected in a workmanlike manner and upon a solid foundation, and to bring it when completed upon his list as for repair by the Public Works Department, from funds to be supplied as laid down in Rule (*i*). In the case of an application for the endowment of an old monument the Executive Engineer shall be informed when the endowment has been effected and requested to bring the monument on his list.

(*g*) All monies deposited for repairs to monuments in any one station, or for any one cemetery, shall be treated as belonging to one single account. The interest accruing on such monies shall form a common fund to be used exclusively for the repair of those monuments for which deposits have been made. For each cemetery there shall be a book called the "Record of Endowments," which shall contain columns to the following form, and Chaplains (or other officers) in charge should be very careful to keep a correct list of all endowments in this book, the *names inscribed on the tombstone* being entered:—

When received.	When sent to Accountant-General.	Number on Cemetery Plan.	Name on Monument.	Amount Rs.

In order that Government may know that the tombs are kept in proper repair, an annual report should be forwarded for each cemetery to the Accountant-General, who will consolidate the returns so received and render a general return to Government. The returns should contain remarks, both by the Chaplain and Executive Engineer, as to the state of the tombs for which endowments have been made.

(*h*) When the Archdeacon has granted permission for the erection (or endowment) of the monument, the capital sum received under Rule (*e*) shall be remitted by Money-order to the Accountant-General, who will invest it in a general account to be kept with the Savings Bank. The Accountant-General will, at his discretion from time to time, invest the amount of the general account in Government Paper, if it appears convenient to do so. The interest on the general account shall be drawn once a year by the Accountant-General and remitted to the Chaplains concerned, who shall pay the same into the Government Savings Bank in the names of the Chaplain and Collector (or Chief Civil or Military Officer).

(*i*) Joint estimates shall be framed annually by the Executive Engineer and the Chaplains of the cost of repairs of tombs and the aggregate of the sums so estimated as required for *endowed* tombs shall be placed at the credit of the Executive Engineer, Public Works Department, at the Treasury by the Chaplain or other officer in whose name jointly with that of the Collector (or Chief Civil or Military Officer) the monies are in deposit at the Government Savings Bank.

(*j*) It should be understood that the Chaplain or other officer who is in charge of the cemetery, in accordance with the rules for the care and use of Government cemeteries will be held responsible for seeing that such monuments are kept in proper repair so far as funds are available.

3. The Government does not consider it necessary to request endowers to increase endowments already accepted.

PUBLIC WORKS DEPARTMENT.

No. 1655 W of 6th July 1895

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Letter from Mr. S. Hodgson dated 24th June 1895 forwarding a memorial appealing against the decision of the Madras Government awarding him a sum of Rs. 50 for work alleged to have been done under orders of the General Supdt. P.W. Workshops.

Mr. S. Hodgson.

[illegible]
6 JUL 95

Ordered that the Memorial be forwarded to the Government of India.

(H.E. No. 1656 W of 6th July 1895)

To,
The Secretary to the Government of India,
Public Works Dept.

W/ 30 June

Sir,

I am directed to forward herewith a memorial from Mr. S. Hodgson, a Mechanical Engineer, appealing against the decision of the Madras Government awarding

(40—1,000—21-4-94.)

him a sum of Rs. 50 for work alleged to have been done under orders of the General Superintendent P. W. Workshops, Madras.

2. It will be seen that Mr. Hodgson first proceeded by civil suit to enforce his claim; the proceedings of the General Superintendent had been so irregular and injudicious, that this Government declined to assist him in the defence of the suit, which was brought against him personally, but left him to defend it at his own expense. The suit was dismissed with costs and under these circumstances, it would have been open to His Excellency in Council to allow the matter to rest there, but considering that Mr. Hodgson though employed by the General Superintendent without authority and in a most irregular manner was nevertheless entitled to some remuneration for his work, the Government authorised the payment to him of such a sum as the Supdg. Engineer might consider reasonable. That officer was of opinion that a payment of Rs. 50 would be sufficient for the work actually done by Mr Hodgson, and this opinion having the concurrence of the Chief Engineer His Excellency the Govr. in Council sanctioned the disbursement of the sum named. Mr Hodgson refused to accept the award and the Government thereupon resolved to take no further action in the matter. His Excellency

the Government in Council
has seen no reason to
reconsider this decision

I have &c,

To

The Secretary to the Government of Madras,
Public Works Department.

Simla, the 23rd July 1895.

Sir,

With reference to your letter No. 1656 W., dated the 6th instant, I am directed to request that Mr. S. Hodgson, Mechanical Engineer, may be informed in reply to his memorial to His Excellency the Viceroy forwarded with that letter, that the Government of India decline to interfere with the decision of the Government of Madras, awarding him a sum of Rs. 50 for work alleged to have been done under the orders of the General Superintendent, Public Works Workshops, Madras.

I have the honour to be,
Sir,
Your most obedient servant,

G. M. Walker

Under-Secy. to the Govt. of India.

S.A. Wks

Please say whether this G.O. is to be communicated to the late Mr Hodgson's legal heirs. I hear he has left a widow who would probably be glad to get the remuneration which Mr Hodgson refused.
