Sir,

I have the honour to report that during the last few days the sea has encroached very considerably all along the beach in front of the town and great damage has been done and much valuable property destroyed: in some places the foreshore to the extent of 70 to 80 feet inland has gone to sea and where there ~~are~~ was a large sandy beach is now deep water. One of the Customs sheds has fallen down and the sea is now within 20 yards of the flagstaff. From what information I can gather I am given to understand that encroachment by the sea generally takes place at this time of the year but it has never been known to be so bad

Indeed from the figures it would seem advisable to add two cells to each Subjail – one for subjail prisoners and one as a Police Lock-up.

3. The Assistant Superintendent of Police Malapuram, brings to notice a case in which a prisoner arrested for House-breaking had to be kept in the verandah and watched by a constable all night, as the Magistrate owing to the number of prisoners incarcerated refused to allow the man to be put into the Angadipuram Subjail.

The District Magistrate reports that there is sufficient accommodation within the Subjail compounds both at Manjeri and Angadipuram to provide for building the additional cells required. There are at present no Police Lock-ups separate from the Subjails at either of the above two places.

From the Inspector-General of Prisons, dated 19th July 1895, No. 4225.

I have the honour to eturn the papers which were forwarded to e for remarks with Mr. Davidson's Endorsement

To

The Inspr General of Police,
Madras.

Sir,

I have the honor to reply to your Memo, No. 879, dated 18th February. Agreeable with your direction, I give a Statement of the average number of prisoners confined in Angadipuram and Manjeri Sub Jails during the last 3 years.

Angadipuram Sub Jail

	1892	1893	1894		1892	1893	1894	
January	9.6	6.8	13.2	July	12.6	36.6	30.9	N.B. The figures are the average number of prisoners confined in the Jail per diem, in every month in 3 years.
February	10.6	13.3	22.07	August	20.6	30.2	22.8	
March	17.4	14.1	16.8	September	11.6	29	20.7	
April	15.4	15	15.7	October	8.2	15.3	16.4	
May	36.1	16.9	35.1	November	17.6	15.7	15.2	
June	17.6	24.5	22.8	December	15.1	13.5	24	

The

P. D. DOCUMENT No. 6233

The Sub Jail is certified to hold 18 only.

Manjeri Sub Jail

	1892	1893	1894		1892	1893	1894
January	20.8	10.96	25.12	July	20.67	27.32	24.45
February	23.5	20	18.17	August	20.8	27.7	26.41
March	22.48	29.8	17.77	September	22.9	31.13	17.56
April	22.73	16.64	24.26	October	21.12	25.41	11.19
May	22.19	21.35	15.06	November	38.36	22.76	18.33
June	22.53	25.13	26.23	December	18.83	16.09	5.54

The Sub Jail is certified to hold 21 only.

Instances of refusal to give the Police a cell to be used as a lock-up have not been reckoned; refusal has been so common that it has been taken as a foregone conclusion and demand is not made as a rule.

It is obvious that a cell cannot usually be given unless the prisoners are improperly crowded.

READ the following paper :—

From the Public Works Department, dated 14th June 1895 No. 377 D, transferring note by the Chief Engineer, Public Works Department on the construction of a road dam on the Valdurte stream in the Kurnool District.

Order. 31st July 1895 No. 1342 L.Mis.

The expenditure upon the road dam having already been incurred is now sanctioned, but this sanction is accorded with the distinct reservation that Government will hold Mr. Mullaly personally responsible for the amount expended upon the work should it collapse within three years after the date of its completion. It appears to have been completed in June 1894.

CHIEF SECRETARIAT, MADRAS.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read again G. O. dated 1st July 1895, No. 190

READ also the following paper:—

From the Chairman, Harbour Trust Board, Madras, dated 16th July 1895, No. 1554.

× × × × ×

The Board presumes that the canal, and the entrance thereto, including the necessary protecting arm, will be constructed at the expense of Government, as part of the scheme for improving the sanitation of the city, and cleansing the river Cooum.

× × × × ×

Order dated 7th August 1895, No. 239.

G. O. 3164 W
10-12-94.

Para: 2 will be communicated to the Public Works Department with reference to para: 11 of G. O. No. 1651 M, dated 7th November 1894, with the request that the estimate for the canal which is being prepared by the Chief Engineer may include also the arm within the harbour should it be considered necessary for the protection of the entrance to the Canal.

The

The question of the distribution of the cost of these works must stand over until the estimates are received.

2. With reference to para 3, the Harbour Trust Board will be requested to state whether the harbour improvements sketched in plans A I are generally approved, in view to the Military authorities being consulted without delay in regard to the erection of sheds, cranes &c. The Government trusts that the estimates for A. I and A I with extension which are being prepared by the Board's Engineer will be pushed on as rapidly as possible and be taken into consideration by the Board at no distant date

3. A copy of the report will be forwarded to the Presidency Port Officer for early remarks on the Committee's recommendations as regards the Harbour.

4. Adverting to para 4, it will be pointed out to the Board that the case is not one for the grant of a personal allowance and that it is not usual to limit such an increase of pay to a definite period. The Government is pleased to authorise the Board to disburse to Mr. Pinsent an honorarium of Rs 1000 for his services in connection with the Committee and the schemes considered by it.

5.

O L S. 281

5. The proposal in paragraph 5 is approved.

Superintending Engineer V Circle for December 1894

10th December 1894
Coleroon Left
Flood Bank
below Coleroon
Bridge.

This is now being used as a bandy track, No suc permission should ever have been given; if a road is required, the Local Fund Board must contribut to widen the bank and keep it properly sanded It is impossible to keep up so narrow a bank as a cart track, it has been so much cut up of late as to be now almost unridable in place Traffic over it should be stopped and not again allowed

Chidambaram Taluq.

Sir

I give you notice that you have through your subordinates caused to obstruct the public cart way leading from the main road to Goverpet Paracherry and Kottai a little hamlet which is under your control as the bank of Coleroon. The path and cart way has been used by me and ~~other~~ other people as such from time immemorial which will be evident from the fact that there is no other way leading to these places. By such obstruction I suffered a special damage on 14th, 20th & 22nd March, 17th, 18th & 19th April, 8th, 9th & 10th May 1895, Rs 11 being extra charges which I had to bear since I was forced to carry the straw and paddy on coolie's heads instead of taking the same on Carts.

The cause of action arose on 26-12-1894 at Goverpet which is within the jurisdiction of the Chidambaram Munsiff's Court. Therefore if within two months from sight hereof you do not remove the obstruction and pay the damaged amount take notice that I shall file a suit in the District Munsiff's Court for damages and declaration of the right.

4

Sir

With reference to your No: 278 SA dated 18th June
1895, forwarding for report a notice of action from one M.
Ramasawmy Iyer of Gavarapul; I have the honour
to inform you that the bank referred to is the Coleroon
left bank between miles 34 & 35. The late Superintending
Engineer, Mr Larminie, in his Inspection notes of which
a copy is enclosed, ordered traffic to be stopped, as
the bank was seriously cut up by it; and this was accordingly
done. The Govarapul road meets the bank at mile 34 & 3rd
furlong, and from that point to Petitioner's village and again
to Kotham, a hamlet of that village, there is no bandy track
or road except the bank. The petitioner wishes to cart his grain
from the hamlet to the village and soon to the road and at
present this cannot be done.

The Sub: Dnl officer's Sketch & Copy of report are herewith submitted

I have &c

Executive Engineer
South Arcot Division

Camp - Caruppur
No: 6 dated 9th July 1895.

Sir

With reference to your No: 1714 / 25.6.95 I beg to inform
you that I have on the 6th Instant inspected the place
in company with the agent of Vakeel M. Ramasawmy
Iyer of Goverapul village.

In the 1st para of the inspection notes of J.C. Larminie
Esquire, Supg: Engineer V Circle for December 1894 communi-
-cated to this office in Divisional No: 173 of 24.1.95 it was
clearly said that no traffic should be allowed over the Coleroon
left flood bank below Coleroon bridge for the reason stated
therein.

Now the Pattadar No: 62 M. Ramasawmy Iyer of
Govarapul village wants the Coleroon flood bank
as shown in the Sketch to be reopened for traffic to get
his paddy and straw from the Paracheri and Kottai
hamlets of Govarapul to his village as there is no other
road but this to bring his produce &c.

If the road is required as suggested by the Supg:
Engineer Local Fund Board may be addressed
to contribute for widening the bank and up keeping it.

I beg &c
