Dated 15th January 1895

From the Consulting Architect to Govt.

NOTE BY TECHNICAL SECTION.

Name of work Cricket ground for the students of the Presidency College, Madras.
Amount of estimate Rs 3560

With reference to G.O. No. 2967 of dated 21st Decr. 1894, the Consulting Architect to Govt. submits for sanction, a revised estimate amounting to Rs 3560, for preparing the ground between the path leading to the fishermen's village & Poyyappett road, as a cricket ground for the students of the Presidency College & states that the earthwork has been put in hand & that a sum of Rs 2000 will be required for expenditure during the current financial year.

The estimate provides for cutting & levelling the ground which measures 500 feet long & 477 feet broad as per levels submitted, with a cricket pitch in centre 180 feet square.

Provision has been made for laying one foot of clay & 6 inches of stable manure over the cricket

Submitted with reference to his Govt's remarks on the draft order -
In G.O. No. 2987 of 21.11.94, it was remarked that the small building & nursery might be left for the present, but would eventually have to be removed.

The present estimate does not provide for the removal of the building & nursery but it has been ascertained from C.A.'s office that it is the intention to remove them on completion of the cricket field. No special provision for the work is necessary. For the trifling expenditure involved will be met from the allotment for the maintenance of the Parks.
