

Letter from the Executive Engineer,
Kistna Western Division, to the
Superintending Engineer, 2nd Circle,
No. 203 S. dated 9th August 1895.

In enclosing extract from
Examiner's disallowance list, dated
29th July 1895, I have the honour to offer
the following remarks.

I anticipated the Examiner's objection
and (on the last pay Voucher 2 of the
Surveyor) (made the following remarks).
When forwarding it for audit -

" In G.O. No. 2135 W. a surveyor was
29-8-94
Sanctioned for 2 months at Rs 80/- Rs 160-0-0
G.O. No. 408 W. - do - Rs 160-0-0
16-2-95
Total Rs 320-0-0

A surveyor was employed }
as under. July to December 1894 = 6 months } Rs 150-0-0
at Rs 25/-

January and February 1895 at Rs 35/- 70-0-0
March to 15th May at Rs 40/- 100-0-0
Total Rs 320-0-0

The increase of pay to Rs 40/- is, I think,
admissible under the last part of
para. 60

para 3 of my letter referred to
in G.O. No. 1055 W.
4-5-95

" This G.O. implies my authority
to regulate the pay in accordance
with the work turned out."

2. The $\frac{1}{2}$ day in May was due
to May having 31 days. If there had
been 30 days in May, the disallowance
of $\frac{1}{2}$ a day would not have occurred.
The Surveyor was engaged on a
monthly and not a daily salary, so
the disallowance of $\frac{1}{2}$ a day though
it may be strictly correct is not
reasonable. The objection raised
by the Examiner, to my allowing
the rate of pay is also, I think,
unreasonable. As Executive Engineer
I am responsible for the work
turned out and I should there-
fore be at liberty to regulate the
pay to suit the work done.

3. The main object of the sanction
is to obtain authority for the employ-
ment of the Surveyor, and to give the
Examiner authority to pass his pay,
but

but if objections of this kind, are
raised it would be much simpler
and save a lot of trouble and
correspondence if the Executive Engineer
concerned passed the exact amount
of pay authorized instead of regu-
lating it according to the work done.

4. The probabilities are that
objections of this nature will lead
to inferior work.

5. I have the honour to request
that the amount of salary viz Rs 320/-
paid to Surveyor, G. Sonial, sastre,
for work done from July 1894 to the
middle of May 1895, may be approved
and passed.

Enclosure 1.

No. 1068 K.S.
15.8.95

Forwarded to the Chief
Engineer, Public Works Department, for
favour of obtaining the sanction of
Government, to the payment of Rs 320/- to
the Surveyor as per particulars given
by the Executive Engineer.

W. B. Boddington, Major, R.E.
Superintending Engineer,
II Circle.

Letter No: 4099 dated 30th August 1895 from the Executive Engineer, Bellary Division, to the Superintending Engineer, II Circle, Bellary.

With reference to G. O. No. 1949 W of 6-8-95 forwarded under your office endorsement to 1594 of 22-8-95, I have the honour to state that the sanctioned rates are far too low for work in Hospet. Some rates are quite impracticable in any place, such as cut stone Gable arches at Rs. 25 per 100 cft.

2. It will not be possible to spend the full allotment of Rs. 7270 this official year, the quantity of cut stone required makes such building slow work.

3. Rs. 3500 will be as much as can be properly utilized. I also propose to substitute the same kind of roofing as that suggested for the Head Asst. Collector's Residence at Hospet (viz) granite slabs on the top or possibly concrete on old iron rails with concrete jack arches with light steel girders. Good

Government of Madras,
Public Works Department.

DATED HYD. RESIDENCY, THE 5th September 1895.

SIR,

I have the honor to refer to your letter No. 2561 C, dated the 22nd August 1895, regarding the detention at Chinnavalu of stores belonging to the Public Works Department of the Madras Government.

2. His Highness the Vizier's Minister, who was addressed in the matter, reports that the Brits addressed to blame have been fined a month's pay, and that strict orders have also been issued not to detain any store belonging to the Public Works Department. I also hoped that these orders will
