(H E No. 2419 W, of 2nd ~~Septr~~ october 1895)

To
The Secretary to the
Government of India
P.W. Department

Sir,

With reference to para XXXVIII, Part IV, Appendix K, Volume I, P.W. Code, I am directed to forward for the sanction of the Government of India, four bills amounting to Rs 277-8-0 on account of compensation

(46—1,000—24-4-94.)

ompensation for sittings provided for soldiers in the Wesleyan Chapel at St. Thomas Mount during the years 1890-91 to 1893-94.

2. With regard to the non-submission of the bills as they fell due, the Wesleyan Chaplain explains that he was appointed to the charge in March 1893, and that his predecessor was probably not aware of the procedure to be followed in making the claims.

3. Under Rule XXXV of appendix K above quoted, the claims should be regulated by the highest attendance at a parade service during the year, but the commanding officer reports that there are no records to show the highest attendance, and the bills have therefore been based on the average attendance. This Government considers that the explanation may be accepted, the present being the first occasion on which such claims have been submitted.

Office Note No. 1707 D/A

To

W.

Your office note No. 1699 C. dated 30th. April 1895.

Returned with the following remarks:-

I. As this appears to be the first claim for compensation for seats provided in the Wesleyan Chapel St. Thomas Mount, the previous sanction of the Government of India is necessary (Code volume I, Appendix K, Rule XXXVIII, page 503).

2. No explanation has been furnished as to why compensation for the years 1890-91, 1891-92, and 1892-93 was not claimed in previous years as they became due.

3. The rate of compensation admissible having regard to the value & description of seats provided (Code Appendix K, page 501 Rule XXXIV) should have been certified to by the Executive Engineer in part A of the form.

4. The certificate in part B should

show the highest attendance at any one service (Rule XXXV and XXXVIII).

5. In filling in column 3 "detail of troops" it is not stated whether the battery is a heavy field battery or light field battery.

6. The maximum number of sittings allowed for a light field battery is 50, and for a heavy field battery 25 and not 80 in both cases as entered in column 5.

7. In the bill for 1893-94, five children have been counted as 3 adults, instead of as 2½ adults. Thus the total number of adults for whom compensation may be paid is 38½ and not 39.

From - Revd T. Little, Wesleyan Chaplain, St. Thom

Division, dated St. Thomas Mount, 24th June 1895, No. 14.

In reply to your letter No. 1048 dated 15th June 1895, I have the honour to inform you tha I was appointed Chaplain here only in March 18 and therefore could not earlier claim compen-sation for the years in question - My predecess probably did not know the procedure to be followed in making the claim -

2 - The distinction "Heavy" & "Light" Field Battery is obsolete: there are only Field Batteri in India now.

3 - You will observe that 80 is the maxi-mum number of sittings allowed for Protestan in a Heavy Field Battery (see Rules VI & XXIX, appendix D of P.W.D. Code), and that Wesleyans are Protestants (see note to Rule III), therefore I submit that column 3 & 5 are both filled up correctly in the bills, which I now return.
