

15th January 1895

21. Kallabachi Triplicane.

Dear Sir.

I thank you for the invitation
to the Dufferin Fund Annual meeting
on the 18th.

The Madras Times has reviewed
the last Report, which Report has not
come to me yet; and I observe from
the Review that the Fund has not received
the support it deserves from the Native
gentlemen and ladies.

The Caste and Goshala Hospital
is amalgamated with the Dufferin Fund,
and I have moved their Excellencies
again and again to allow the Native
ladies to meet their European sisters

4
the Dufferin's Fund and the Royal Victoria
Hospital will be materially strengthened
by encouraging the meeting of ladies (and
gentlemen) in the grounds opposite
the C. G. Hospital. I add the words
"and gentlemen", for it is only intended
to reserve space and tents for ladies
and children in a portion of the grounds.
I have no objection to this, ^{being treated as my} application
for the Chepak Pond grounds, opposite
the Caste and Ghosha Hospital, for the
purpose of promoting social intercourse
amongst the native and European ladies
interested in that hospital and the Dufferin
Fund. Her Excellency Lady Wenlock and
Mrs. Klein communicated to me last year
their willingness to honor the ladies with
their presence, and I expect Mrs. Wells

5
and others who know the Vernacular
to do the necessary introductions
and interpretations. Evenings at home
are inconvenient to native ladies,
except at marriages and other
ceremonies, in a near relations
house. I am not particular
about my having charge of the
Chepak grounds, for it will be
enough to place it in charge of
the Lady President of the Dufferin's Fund
or of the Lady Doctor of the Caste and
Ghosha Hospital, with whom I shall
be happy to co-operate with my
friends.

To Major the Hon.
R. J. Lawley

I am, Dear Sir,
yours obediently
