REVENUE BOARD OFFICE
MADRAS

Proceedings of the Board of Revenue

(Land Revenue).

Dated 16. September 1895.

No. 4650 Mis:

READ the following letter from G. Stokes Esquire, Collector of Salem to the Secretary to the Commissioners of Land Revenue, Madras, dated 5. September 1895, Ref: No: 5036/Rev :-

It having come to my notice that the subjail and office building of the Deputy Tahsildar at Paramathy needed repairs, I addressed the D. P. W. and in reference to my requisition the Executive Engineer, Salem Division, has forwarded a plan and estimate amounting to Rs 1020 which are enclosed.

2. The report accompanying the estimate explains in detail the works necessary. I request that the estimate may be sanctioned and the necessary funds allotted. No portion of the year's grant for the petty construction and repairs in the District can be made available for the purpose.

3. As the Cost of the work exceeds Rs 1000, and it cannot be executed satisfactorily with

the

the unskilled labor available at the spot, I request that the D. P. W. may be entrusted with the execution of the work.

Resolution

Submitted to Government with the recommendation that the repairs proposed to the Subjail and the Dy: Tahsildar's Office at Paramathy may be ordered to be executed under the supervision of the Public Works Department.

No 6

Letter No 1207 dated 13-9-1895 from the District Judge Godavari to the Superintending Engineer I Circle-

Upon receipt of your letter No 863 dated 13th July 1895, I made enquiries from the present District Munsiffs of Peddapuram and I find that there is not only a well in the Talug Cutcherry, but that the private water Carrier employed by the Court-officials brings water from another well about a furlong distant-

2. Also your Executive Engineer Mr Ussher, in Conversation upon this Subject, tells me that as the Peddapuram Court house is upon a ridge of ground there is no Certainty that water will be found even after the whole Rs 950 is Expended-

3. In these Circumstances I have the honor to State that I think that if these facts had been known to Government the well would not have been Sanctioned

All communica
should be adde
to the Secretary.

and that you are right not to
Commence the work without
further orders.

THE CHIEF ENGINEER
PUBLIC WORKS DEPARTMENT,

DOWLAISHWERAM, 17th September 1895.

Desp 19/9

SIR

With reference to G.O. No. 2520 W dated the 11th October 1894, I have the honor to inform you that after an Estimate for a well was prepared, and sanctioned by me the Executive Engineer brought to notice that Government had been misinformed regarding the necessity for a well in the Compound of the Peddapuram District Munsiffs Court.

2. The new well was said to be necessary because "there is no supply of drinking water in the neighbourhood" but drinking water can easily be

procured from the well in the Compound of the Tahsildar's Cutchery on the opposite side of the road.

3. This Circumstance was explained to the District Judge who in his No 1207 dated 13th September 1895 Copy herewith considers that the well for which an Estimate was ordered in the G.O. quoted above is not necessary and I accordingly request permission to cancel the estimate for this work which has not yet been commenced.

I have the honor to be
