SIR,

I am directed to acknowledge the receipt of your letter No. 2571-W, dated the 15th October 1894, recommending that the old Police Magazine at Cochin be repaired at the cost of the State, and transferred rent-free to the Malabar Volunteer Corps, for the storage of their ammunition, on the understanding that the corps keeps it in good repair in future.

2. I am to say that the Government of India understand that the old Police Magazine is classed as a provincial civil building, and that the cost of the repairs, which it is proposed to carry out at the cost of the State before handing the building over to the volunteers, will accordingly form a charge against Provincial funds.

3. I am further to observe that the practice of allowing volunteers the use of Government buildings rent-free, on condition that they are kept in repair by the corps, is opposed to existing regulations, and has been found to give rise to inconvenience.

4. The Government of India are therefore of opinion that, in the present and all similar cases, where an obligation rests on the corps to provide the required accommodation from the capitation grant, the volunteers should be charged rent for such buildings, the property of Government, as they are allowed to occupy; but that in fixing the rent, consideration may be given to the circumstances of each case.

5. Where provincial buildings are no longer required by the Local Government, and it is considered desirable to assist a volunteer corps, the buildings might be made over altogether to the volunteers free of charge, in which case the State would be relieved of the cost of their maintenance. The previous sanction of the Government of India should, however, be obtained in each case.

6. I am to add that existing arrangements, made with the concurrence of the Government of India, under which volunteers are allowed to occupy buildings on condition of carrying out the repairs, need not be disturbed.

From J. W. RUNDALL, Esq., M.I.C.E., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Ammayanáyakanúr, 2nd February 1888, No. 1972 T.J.

With this office No. 1426 T.J., dated 29th October 1887, an estimate of Rs. 610 for constructing bath-rooms and kitchen to the old taluk cutcherry occupied by Sergeant Instructors of South Indian Railway Volunteer Rifle Corps at Negapatam was submitted for sanction through the Commandant of that corps, but it has not yet been sanctioned. The Commandant has since applied for the provision of four punkahs to the above quarters at a cost of Rs. 60. These were not included in the above estimate.

2. I have the honor to request that in the above estimate the four punkahs may be included and the increased amount Rs. 700 sanctioned.

3. Of the above sum, Rs. 290 are to be paid to Colonel Crighton, Commandant of the corps, for the bath-room and kitchen, already constructed by him, at the north end; the provision of similar rooms at the south end, together with a staircase, is much required for use of the other Sergeant Instructor, who is put to much inconvenience from want of the same, and who claims no compensation on the consideration that the rooms in question will soon be provided. I request, therefore, that the amount of Rs. 700 may be granted at an early date.

4. The Commandant of the corps has been asked to send on the estimate, if he has not already done so.

From Brigadier-General M. PROTHEROE, C.B., C.S.I., Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 17th April 1889, No. 1473 A.

In returning, as requested, P.W.D. Reference Order No. 1407 C., dated 28th March 1888, referred to His Excellency the Commander-in-Chief under Military Department No. 2643 of 19th April 1888, I am desired, with reference to para. 2 of this office letter No. 2303 A, dated 22nd June 1888, to forward the accompanying estimate, amounting to Rs. 440, for improvements to the old taluk cutcherry at Negapatam.

2. The General Officer Commanding Southern District reports that the alterations in question have been duly carried out.

3. The great delay occasioned in the submission of this document has been caused by repeated references having been made to the Public Works Department authorities on the subject, and is much regretted.

ENCLOSURE.

From Colonel M. PROTHEROE, C.B., C.S.I., Officiating Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 22nd June 1888, No. 2303 A.

Referring to G.O., No. 4160, dated 20th instant, communicating orders issued in the Public Works Department* directing the Superintending Engineer, VI Circle, to arrange for the immediate commencement of the improvements, &c., required to the old taluk cutcherry at Negapatam to render it suitable as quarters for the Sergeant Instructor, South Indian Railway Volunteers, at that station, I am desired to point out that as the building to be added to it is not a military one, it would seem a question whether Imperial Military funds should be expended in additions to it unless it is to be transferred to the Military Department.

2. The papers received under Reference G.O., No. 2643, dated 19th April 1888, have been referred to the General Officer Commanding Southern District for report; they have been called for and will be forwarded to Government on receipt.

No. 2734, Military.

Transferred and the referred paper returned to the Public Works Department.
