EXAMINED
No.
2 SEP 1895
P. W. ACCOUNTS

The Superintending Engineer has the honour to invite the attention of all Executive Engineers in the II circle, to G.O. No. 1,802 W. of 10th July 1893.

2. M. Venkata-Subbiah clerk on Rs 20-30 in the Nellore Division has passed the Accounts' test, and an early opportunity should be taken to provide him with a permanent appointment on Rs 30-40.

3. Ch. Mukteswara Rao, permanent clerk on Rs 30-40 in the Superintending Engineer's Office, who has also passed the Accounts' test, should be transferred to an Executive Engineer's office to work under the Accountant, on the first occasion of a vacancy.

It is requested that this may not be lost sight of.

EXAMINER, P. W. ACCOUNTS
2 SEP 1895

With reference to the 2nd para of your No. 116 G.l. dated 16th June 1895, I have the honour to point out that P. Kutumbarow who was, I believe, specially promoted on account of his having passed the Accounts test has not as yet been given a footing in the accounts branch.

As I read G.O. No. 1802 W. dated 10th July 1893, it appears to mean that only one vacancy of 30-40 should be reserved for men who have passed this test at any one time and that no second promotion should be made under this G.O. until the Clerk already promoted has obtained a permanent footing in the Accounts Branch.

The ordinary clerk is already severely handicapped in obtaining promotion to the 30-40 grade and it seems rather unfair to put any further difficulties in his way.

Forwarded

No 213 Gl

17.8.95

Forwarded to the Chief Engineer, Public Works Department for favour of orders, with a copy of this Office Circular No 116 Gl dated 16th June 1895.

2. It may be observed that the ordinary clerk below the 30–40 grade is also liable to be retarded in promotion by the operation of G.O. No 2720 W. dated 24th October 1893.

DOWLAISHWERAM, 20. 9. 1895.

Desp 23.9.95.

SIR,

I have the honour to report that proposals were made in the Police Department for reroofing and rebuilding a portion of the building known as "Double Hospital Assistants' Quarters" (late Regimental Hospital at Vizagapatam) whose transfer to the Police Department was sanctioned in G.O. no: 72 W dated 11th January 1884.

2. At the request of the Superintendent of Police Vizagapatam District the Executive Engineer examined the building and found that settlement was still going on and the

Cracks

cracks extending, owing to the foundations being in made earth. The building was erected 30 or 40 years ago.

3. In these circumstances the Executive Engineer was not able to recommend any expenditure on the building and the Police superintendent requests that it may be demolished.

4 I beg therefore that the necessary sanction of Government may be obtained for dismantling the building and selling the materials in auction under G. O no: $\frac{1211 W}{20.5.95}$

This applies only to cases in which it is proposed to sell the site with the building. Cy

5. It is intended to retain the site.

I have the honour to be
Sir
Your Most Obedt Servt.

Executive Engineer's office
West Coast Division
Calicut 9th August 1895

No 1023 M.

To
The Collector of Malabar

Sir,

In continuation of this office No 895 M dated 5th ultimo forwarding an estimate of Rs 180 for emergent work in connection with the erosion of the sea at the Sea Custom House at Tanur, I have the honor to state that from a careful inspection of the locality and from the fact that a similar erosion took place in July 1891 resulting in the loss of a great width of foreshore for a considerable distance both above and below Tanur and in the destruction of several buildings, I consider it would be a waste of money to attempt to protect the building and therefore recommend that the building be dismantled and rebuilt at a safer site. But as the work will cost more than Rs 500, I request that sanction of Government be obtained to the preparation of the requisite plans and estimates and a new site be selected for the building

building.

I have &c

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 29th August 1895.

No. 3655 Mis

Read the following letter from the Collector of Malabar dated 21st August 1895 Ref on C 965/Sed of 1895

I have the honor to state that as the Sea Customs House at Tanur was in danger of being washed away during the first burst of the monsoon I requested the Executive Engineer to take the necessary steps. He prepared an estimate for Rs 180 for stopping the erosion of the sea by putting up some protective works. The estimate was accordingly countersigned by me and returned to the Executive Engineer. He now reports that it is no use attempting to protect the building

as

(46—1,000—21-4-94.)

as it stands and recommends that it be dismantled and a new building constructed at a safer site.

A copy of his letter[x] No 1023 M, dated 9th August 1895 on the subject is enclosed. x Copy attached

As this work will cost more than Rs 500, I have the honor to request that the sanction of Government may be obtained for the preparation of the necessary plans and estimates.

Resolution

Submitted to Government for approval and for the issue of necessary orders in the Public Works Department.
