Proceedings of the Court of Wards,

Dated 7th May 1892

No. 1496.

READ the following letter from D. Broadfoot Esqre., Ag. Sub Collector of Salem to the Collector of Salem d/4th March 1892 & the following Endorsement thereon from the latter officer, d/25th March 1892, Ref on No 812/Eng.

I have the honor to state that the present manager of the Shulagiri Estate after his personal inspection of the Petha Chigalrapalli tank for repairing which an estimate amounting to Rs 1470 has already been sanctioned, reports that the closing of the large breach in the centre of the tank as provided in the sanctioned estimate would be of little or no use. He fears that it will breach again. On calling upon the manager to

state

state why he thinks that if the breach, if closed, will breach again, he says that the breach is a very large one, that through the breached portion, a river has been running for a long time, and that if the breach were closed the force of the water will be such as to cause damage again to the bund.

2. The manager seeks professional opinion as to whether the breach, if closed, would be safe - this of course, depends on the Calingula - and says that if the D. P. W. were to frame an estimate & prepare a plan after inspecting the tank, he would carry out the work departmentally according to the estimate. As the supply seems abundant, it might be worth while to make a really large tank.

3. So I think that in this case, it would be better to obtain professional opinion and request your orders on the subject.

4. The sanctioned estimate for the work is herewith sent.

Endorsement

Submitted to the Court of Wards for sanction to hold the estimate sanctioned (in Court of Wards Proceedings $\frac{993}{13-4-91}$) for this work in abeyance & obtain professional opinion from the D. P. W.

2. I agree with the sub-Collector in thinking that in this case professional opinion should be first obtained.

Resolution

The Collector's proposals are accepted. He is requested to take the necessary action in the matter.

READ the following paper :—

From the Registrar of the High Court Appellate Side, Madras, dated, 27 August 1895 No. 2353.

In forwarding herewith copies of letters dated 18 July and 2nd August 1895, Nos. 1116/Civil and 1749/Civil (with enclosures to the second letter) from the District Judge of South Malabar, I am directed to request that His Excellency the Governor in Council will be pleased to sanction the construction of a new Court house on the revised type design for the District Munsif of Temelprom, and to issue orders for the preparation of estimates for the repair of the existing building in order that it may be kept in habitable condition pending the erection of a new court-house.

Order, 23 September 1895, No. 1978.

The Public Works Department will be requested to issue orders for the preparation of the necessary plans and estimates for a new court-house. In the meantime endeavours should

---

Extract from the Progress Report of Works in charge of Mr. V. Baker, Assistant Engineer, Calicut Sub-Division, from 11 to 20 July 1895

District Munsif's Court-building Themelprom.

As a reference was lately received from the District Judge of South Malabar about the special repairs needed to the buildings, took the opportunity of being at Alathur to inspect the buildings.

The Court room is under a separate roof from the clerks' and record rooms. Both buildings are very old and the roof looks sodden with damp and decay, doubtless most of the reepers and many of the rafters are rotten with age and damp as the roof is covered in with pan tiles which absorb and retain the wet. The floors are out of order and uneven. There is no doubt that the buildings require thorough overhauling and substantial repairs.

It is a question for consideration whether it would not be better to once for all demolish the present buildings and erect others on the standard design most suitable in every way for a District Munsif's Court.

Copy of letter from the Executive Engineer West Coast Division, Calicut, dated 31 July 189 No: 985 In. to the District Judge, South Malabar.

In continuation of my No. 948 In., dated 16 July 1895, I have the honor to forward the accompanying Inspection notes of the Sub-Divisional Officer, Calicut, on the state of the Temelprom District Munsiff's Court house and to request that you will be good enough to inform me if you will obtain sanction of Government to the erection of a new building.

Court may be pleased to obtain sanction from the Government to the erection of a new Court house at Temelprom on the standard design.

2. As repairs are urgently required to the present building I request that the sanction of Government for undertaking such repairs applied for in my letter mentioned above may be obtained at an early date.

P.W. Em 3
7525/95

Copy of letter from the District Judge of South Malabar, Calicut, dated 18 July 1895, No. $\frac{1116}{Civil}$ to the Registrar of the High Court Appellate Side, Madras.

The District Munsif of Temelprom having recently brought to my notice that the ceiling of the Court-house was worm eaten, that the floor was not asphalted and that there were leakages in many places although over Rs 30 is annually spent for shifting tiles and as the building appeared to require substantial repairs, I requested the Executive Engineer to inspect the building and make the necessary repairs.

2. The Executive Engineer now informs me that the Court building is very old and requires thorough improvements and that the cost will in his opinion exceed Rs 500.

3 I therefore request that the High Court may be pleased to obtain sanction from the Government for executing the necessary improvements to the Court building at Temelprom.

Copy of letter from the District Judge of South Malabar, Calicut, dated 2nd August 1895, No. $\frac{1247}{Civil}$ to the Registrar of the High Court Appellate Side, Madras.

Sir,

1 Enclosures

In returning the letter received with your Endorsement No 2781 C dated the 19th September 1895 I have the honour to report that there are 24,000 Cottage roofing tiles and 800 ridge tiles in stock which can be spared; 1100 tiles will cover 100 superficial feet of roof, each ridge tiles covers about 10 inches in length. The book value of the cottage tiles is Rs 12 per 1000. Ridge tiles Rs 0.2.0 each.

To the above 24½ per cent should be added for Establishment & Tools and Plant charges. The cost of carting and delivering at South Indian Railway Station is about 9as per 1000 cottage tiles.
