Ramallaksh Tahsildar's Office.

ENCLOSURES. one plan.

DATED 6th February 1895

FROM

The TAHSILDAR OF

Ramallaksh.

TO

THE

Collector of

Kurnool.

SIR,

In obedience to your C. no. 117. Dny. of 1895 of 23-1-95, I beg to submit herewith, the plan therein called for.

2. I was holding my office in the verandah marked A on the plan and some of my gunastahs used a portion of the same verandah. When I occupied this verandah the Submagistrate was holding his court in the room now occupied by me i.e. no 1, and room no 3 was used by his gunastahs and no 4 for his records.

3. Since the time the Submagistrate removed his office to the old Taluk office under your orders, I have been holding my office in room no 1.

4. The verandah marked A,

Much exposed. It is quite unsuited for the purpose of a court in as much as the gunastahs and others frequently pass to and fro and thereby disturb the work of the officer holding court therein, the reason being that there is no other way for gunastahs to go to the record room and the Treasury.

5. During the time of Jambandya this verandah is required for the use of Kurnams.

6. The Sub. Magistrate has been now occupying the outhouse marked X, and his gunastahs sit in room no: 3. His office records are kept in room no: 2.

7. By locating both Taluq and Dy: Tahsildar's offices in the present building either the Tahsildar or the Dy: Tahsildar must be put to inconvenience. I have no private room, nor have my gunastahs sufficient accommodation. The out-house that is marked X, now used by the Dy: Tahsildar is almost a

frying pan in the summer.

8. The present Taluq office building is an old dwelling house and the arrangement of rooms are not quite suited for the purpose of a public office. The ceiling will in rainy season look as if it were made of black ants. The present building is a depot for white ants. From holes in the walls and in the floor swarms after swarms will come out and will make parties and gunastahs appearing before officers here jump in the air.

9. Under these circumstances I venture to suggest the construction of a new building for Tahsildar and Deputy Tahsildar in the heart of the town. I think the ruined palace adjoining Nawab Bowlt Khan Bahdur's house is a good site for the Taluq and the Dy: Tahsildar's offices.

I beg to remain
Sir

Your most obedient servant

An Sugam
Tahsildar

REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Res. of

the Board of Revenue (Land Revenue) dated
5th Sept. 1895, N^o 4471 Bms, on the following
letter from the Collector of Kurnool, dated
22nd August 1895. Dis. N^o 1504.

I have the honor to recommend
that the sanction of Government may
be obtained for the construction of a
first class Taluk Cateherry on the
standard design providing accommoda-
tion for the Tahsildar of Ramallakota
and the Deputy Tahsildar and Lower
Sub Magistrate of Kurnool.

At present, the Tahsildar
cateherry is held in an old converted
dwelling house and the Deputy Tah-
sildar and Lower Sub Magistrate's
Court in a private building in the town
reared for Rs. 5 per mensem under
Board's Proceedings N^o 3257 Bms. dated
1st July 1895. Formerly the Sub Magistrate
Court was held in an old Chandy
in the town, but as this needed repair
it was removed, & the Tahsildar's
cateherry then to the old District
Court

court house near the aqueduct,
then back again to the Tahsildar's
cukheny and finally to the rented
building in the town where it now
is. The Chawdi was condemned by
the Superintending Engineer and its
dismantling has been sanctioned in
the G.O. embodied in Board's No. 2880
No. 2880 Ins, dated 7 June 1895. The
building in which the Taluk cukheny
is located, too, is not at all suited
for the purpose and the want of
a building on the standard design
is badly felt. The Tahsildar's
sketch with its covering letter
showing the nearly accommodation
afforded by that building is
enclosed.

A second class Taluk
cukheny for the Deputy Tahsildar
of Kalwa has been sanctioned by
Government, but in submitting the
estimates, I have urged the more
urgent necessity for the Ramalla
Koba Cukheny and recommended
the postponement of the Kalwa
building for the present.
Resolution.

Submitted to Government
with

with the Board's recommendation
that orders may be issued to the
Public Works Department for the
preparation of plans and estimate
for a combined office to be needed
at Kurnool for the Tahsildar of
Ramalla Koba Taluk and the
Deputy Tahsildar and Sub Magistrate
of Kurnool Town.

Order thereon, dt. 21 Sept. 1895, No. 3900.

Approved and trans-
ferred to the Public Works Depart-
ment for the preparation of the
necessary plans and estimates.

Herewith forwarded an extract

Kistna, having reference to the District

for your information and favours

2. With regard to the construction
of a public latrine I have to inform
you that a public latrine has been built
in the compound of each of the ad-
joining Government Buildings, viz, the
Dy. Collector's Office on one side and
the Taluk teheri on the other.

I would suggest that a very
small latrine might be built for use
only by the officials belonging
to the Com- while the lower subordi-
nate establishment might make
use of the Taluk Cutchery latrine.

3. With regard to the construction
of a cattle pound no provision is
made for this in any of the estimates
for the Government buildings at Nara-
saraopetta nor is mention of the ne-
cessity for one made in the standard
designs.
