I have the honor to submit
herewith, for sanction of Government,
an estimate of Rs. 160, supplemental
to the one already submitted to you
with this office No. 930 T.C. dated 17th
September 1895. The tent is required
for Overseer Ramachandra Aiyar,
employed on the Pudukkottai Hills in
the Madura Dt. The Executive
Engineer, Madura Dy, states that
it is absolutely necessary to supply
the overseer with a tent as there is
no halting place for him on his
work.

READ—the following paper :—

From J. HANNAN, Esq., Superintending Engineer, IV Circle, to the Chief
 Engineer, Public Works Department, dated Karur, 18th March 1895,
 No. 119 W.

I have the honour to submit, for sanction of Government, an estimate, amounting
 to Rs. 1,000, for tents required in North Arcot division during the year 1895-96.

An early sanction is requested as the Division officer reports that it takes some
 time to get the tents made at the Central Jail just now.

ORDER—dated 26th March 1895, No. 749 W., Public Works.

The estimate, amounting to Rs. 1,000, for the supply of tents required for use in
 the North Arcot division, is sanctioned.

2. The tents will be registered as shown below :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 18th
March 1895, No. 1027 A.

Under Standing Order No. 33 to the revised edition of Government of India
Public Works Code, volume I, chapter IV, paragraph 99, it is open to Government
to rule that the travelling journals of Superintending Engineers shall be accepted
by Examiner without countersignature. Orders of Government on this point are
requested.

Note by the Chief Engineer, Public Works Department.

Under present rules the travelling journals of Superintending Engineers have to
be countersigned by the Chief Engineer before they are audited by the Examiner,
Public Works Accounts. The nature of the scrutiny exercised by the Chief Engi-
neer is described in the Civil Service Regulations, articles 1290—1292. The new rule
now introduced into the Public Works Code would abolish the Chief Engineer's control
altogether and make Superintending Engineers, as Chief Engineers are now, their
own "controlling" officers. This is in the Chief Engineer's opinion as it should be.
It is accordingly recommended that effect be given in this Presidency to the new
rule. The present system has only been in force a few years and tends to lower the
status of Superintending Engineers.

2nd March 1895.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 25th March 1895, No. 735 W., Public Works.

His Excellency the Governor in Council approves of the travelling journals of
Superintending Engineers being in future accepted for audit by the Examiner, Public
Works Accounts, without the Chief Engineer's countersignature.

No. 930 T.C.

Report to accompany the estimate of Rs. 2,900 for purchase of tents for officers and subordinates in the VI Circle (*vide* G.O. No. 270 W. of 30th January 1894).

All the tents sanctioned in G.O. No. 1195 W., dated 16th May 1894, for the use of officers and subordinates in this Circle, have been purchased last year except those for the Executive Engineer, Madura Division, for whom the tents offered for sale by Mr. A. H. Garrett were proposed to be purchased as sanctioned in the above Government Order, but Mr. Garrett took away the tents with him when he left Madura on transfer. The two tents, viz., one large and one necessary tent, purchased for the Executive Engineer, Trichinopoly Division, have since been transferred to the Madura division as Mr. Medlicott, Executive Engineer, was in urgent need of tents. The Executive Engineer, Trichinopoly Division, has therefore no tents except a Swiss Cottage tent which is attached to his division as office tent, and he considers that this tent, in addition to the three tents now provided for in the estimate, is sufficient.

2. Tents have been provided in this estimate, for two Assistant Engineers employed in the Madura division,—viz., Lieutenant A. J. Close, R.E., and Mr. A. V. Ramalinga Aiyar,—and also for one Upper Subordinate Mr. A. E. C. Vas, who is under transfer to the Trichinopoly division but not yet joined. It is not, however, intended to supply Lieutenant Close with tents unless Government decides to have the Athoor ghât road made.

3. The estimate provides also tents for completing the requirements of the Superintending Engineer and those of the Executive Engineer, Tinnevely Division.

4. The tents are proposed to be purchased from the Vellore Central Jail, with reference to G.O. No. 2623 W. of 18th October 1894, except the Cashmere tents, permission to purchase which from the Muir Mills or elsewhere is requested. The Cashmere tents are required for travelling on the hills.

5. The remaining tents, to complete the requirements of other officers and subordinates in the Circle, will be estimated for in next year or whenever they are found necessary.

6. The cost of the tents to be met from the sum of Rs. 7,000 allotted for the purpose in G.O. No. 514 W., dated 6th March 1895.

17th September 1895.

Superintending Engineer, VI Circle.

ORDER—No. 2391 W., dated 30th September 1895.

The estimate amounting to Rs. 2,900, for the purchase of tents required in the VI Circle, is sanctioned.

2. The tents will be registered as shown below :—

	Estimated cost.	Register number.

(r) One servants' tent 10' x 10' ...	55	305
	— 395	
Charge for carriage, &c. ...	107	
Total ...	2,900	

3. In the circumstances stated, the tents proposed to be purchased from Mr. A. H. Garrett, Nos. 16 and 17 in the register will be expunged and Nos. 10 and 11 transferred to the Madura division, will be shown against the Executive Engineer of that division. The Superintending Engineer will furnish, for record in the register of tents, the necessary details as regards the Swiss Cottage tent proposed to be appropriated for the use of the Executive Engineer, Trichinopoly Division.

4. The proposal of the Superintending Engineer to purchase the Cashmere tents from the Muir Mills or elsewhere is approved.

5. As the Superintending Engineer reports that the remaining tents, to complete the requirements of the Circle, can be estimated for next year or whenever necessary, the balance of the current year's provision for tents in the VI Circle, viz., Rs. 4,100, will be resumed and added to the Provincial reserve.
