Read—the following letter from the Superintending Engineer, V Circle, dated 25th November 1894, No. 399 M. :—

With reference to your No. 5159 T., dated 30th September 1894, I have the honour to forward, for your approval and transmission to Government for sanction, enclosed estimate of Rs. 3,340 for constructing Sub-Registrar's office in the compound of taluk catcherry at Tindivanam.

2. In this case the tiled roof design has been adopted in accordance with clause (1) of paragraph 1 of G.O., No. 2305, Judicial, dated 22nd September 1894, communicated with G.O., No. 2460 W., Public Works, dated 3rd October 1894.

3. For the record-room zinc sheet has been provided instead of planks with reference to paragraph 2 of the above Government order, but the laying of this under the tiles in the usual way will in no way minimise the risks from fire and will make the room very hot.

Endorsement of the Inspector-General of Registration, dated 29th November 1894, No. 2848 G., on the above.

Submitted for the sanction of Government.

2. The construction of an office building for the Sub-Registrar of Tindivanam in the South Arcot district was sanctioned in G.O., dated 5th May 1894, No. 1073, Judicial.

3. The estimate provides for zinc sheets being substituted for planks in the roof of the record-room with reference to G.O., dated 3rd October 1894, No. 2460 W., but the Superintending Engineer states that this arrangement will not in any way diminish the risks from fire, but will make the room very hot.

Order—dated 26th December 1894, No. 3209, Judicial.

The plans and estimates are approved and will be transferred to the Public Works Department.
