FROM *Lieut Col D. McNeil Campbell, R.E.,*

SUPERINTENDING ENGINEER,

IIIRD CIRCLE,

To

THE

Chief Engineer,

P. W. D.,

Madras.

Sir,

With reference to G.O. No. 2806 W. dated 7th October 1892 and G.O. No. 1994 W. of 13th August 1894 issuing modified orders regarding the preparation of plans and estimates for other Departmental buildings, I have the honor to bring to your notice that the Collector of Anantapur requested the Executive Engineer to prepare an estimate for wire fencing to the Head Ass^t Collector's office at Sunkonda an old building (constructed in 1866) but that officer pointed out to him that under the Government orders quoted above, the approval of Government is necessary for the preparation of the estimate. On a reference from the Collector to this Office, I expressed my concurrence with the Executive Engineer.

2. The Government orders under reference speak of the preparation of plans and estimates for buildings alone, i.e., new projects but, I am of opinion that alterations and improvements, as also.

Plans and Estimates

Stating, with remarks, that the orders quoted by the Superintending Engineer, III Circle, regarding the preparation of — for other departmental buildings, cover all works connected with the buildings.

No. 2743 W., 31st OCTOBER 1895.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Civil Works.

READ—the following paper:—

From Lieutenant-Colonel D. McNEIL CAMPBELL, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 23rd October 1895, No. 2315.

With reference to G.O. No. 2806 W., dated 7th October 1892, and G.O. No. 1994 W. of 13th August 1894, issuing modified orders regarding the preparation of plans and estimates for other departmental buildings, I have the honour to bring to your notice that the Collector of Anantapur requested the Executive Engineer to prepare an estimate for wire-fencing to the Head Assistant Collector's office at Penukonda, an old building (constructed in 1866), but that officer pointed out to him that, under the Government orders quoted above, the approval of Government is necessary for the preparation of the estimate. On a reference from the Collector to this office, I expressed my concurrence with the Executive Engineer.

2. The Government orders under reference speak of the preparation of plans and estimates for buildings alone, *i.e.*, new projects; but I am of opinion that alterations and improvements, as also additions, such as out-houses, wire-fencing, &c., costing more than Rs. 500, also come within the scope of the above Government order. I request the favour of orders as to whether the above interpretation is correct.

3. In this connection, it is brought to your notice that an estimate, amounting to Rs. 1,190, for restoring the wire-fencing of the Collector's cutcherry at Anantapur was prepared at his request and sent for his countersignature and return to be sanctioned by me. It is presumed this can be sanctioned under *Repairs*, the cost of the cutcherry being Rs. 64,006.

ORDER—No. 2743 W., dated 31st October 1895.

The orders quoted by the Superintending Engineer cover all works connected with buildings.

2. If the proposed restoration of the wire-fencing in question does not consist in the substitution of one description of work for another, the cost may be charged to "Repairs" (*vide* paragraphs 1—4 of chapter VII, Volume I of the Public Works Code).
