pass along it as far as the sluice over Kadamma Channel at the foot of the hill, but it would be improved by gravelling. The way over the sluice is only passable by foot passengers and has no railing at either side. I think it might be widened at no great cost by an additional girder on each side. Otherwise carts will not be able to approach to the very foot of the hill and all articles will have to be conveyed from this point by coolies.

7. A good pathway up the face of the rock will have to be cut. This presents no difficulties and the stone removed in the operation will be useful for building purposes.

Endorsement of the Government Agent, Godavari, of 10th September 1895, No. 634.

Submitted to Government in reference to G.O. dated 27th June 1895, No. 1386 judicial.

2. An order transferring the plans and estimates to the Public Works Department for execution is requested.

Order:- 25th October 1895, No. 2175.

The great distance from which it will be necessary to fetch water constitutes a serious objection to the proposed location of the bungalow and office of the Special Assistant Agent, Godavari. Enquiries will be made in the Public Works Department

1. Private wall on Koni	200	
Gumayya's side -	427	
	145	
	<u>772</u>	772 Links

1. Do - Koni Gumayya's	200	
	427	
	500	
	480	
	<u>1587</u>	1587 links

1. Do - on the old fort site	200

	1470	
	200	
	<u>2120</u>	2120 links

1. Mango garden, near the	500	
present temporary residence	5350	
of the Special Assistant Agent	107	
	<u>6017</u>	6017 links

4. The last named well built by the Zamindar of Polavaram for the common use of the inhabitants of Polavaram contains the best and most abundant supply of good drinking water. For drinking purposes water may be taken from this well to the Special Assistant Agent's residence.

5. The water of the river Godavari is also fit for drinking but in time of freshes it requires to be filtered. In summer the distance of sandy river bed which would have to be traversed in conveying water therefrom would be considerable.

6. The best means of access to the buildings will be by the ~~Division of Public~~ Department of Public Works embankment. Country carts can pass

Judicial Department.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Special Agent, Godavari
of 26th August 1895, No. 1229.

In reply to your Endorsement Ref
No. 634 of 1894 dated 11th July 1895 and
Agency
Proceedings of the Madras Government No. 1366
27.6.95
I have the honour to submit herewith a sketch
plan showing the distances between the position
of the water sources and the proposed residence
of the Special Assistant Agent.

2. The Hademona channel, situated
at the foot of the hill on which the residence and
office of the Special Assistant Agent has been
proposed to be built does not contain water all
the year round but only in the rainy season
and some months in the winter season, and
the water is not fit for human consumption.

3. Good drinking water may be obtained
from the following sources in the village.
The river Godavari ————— Distance 400 yards
varies from 400 yards to 1/2 mile according to the season
of the year.
