No 2912 W of 15 November 1895
 PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the Chief Engineer for Irrigation, No. 64 E.W. dated 6th November 95

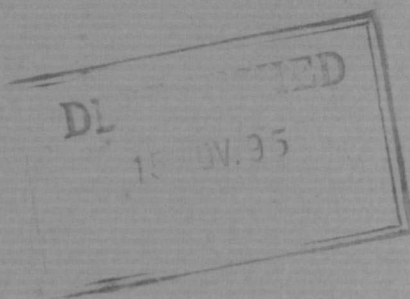

The Chief Engineer for Irrigation applies for sanction to the entertainment of the following additional establishment in his office.

1 permanent clerk on Rs. 80 per mensem as an Indexer

1 permanent peon on Rs. 7 per mensem.

2 temporary draftsmen for 6 months on Rs. 30 each per mensem.

2. The two temporary draftsmen are sanctioned for the period named. There does not, however, seem sufficient ground for the permanent additions proposed, and they are accordingly disallowed.

The Chief Engineer for Irrigation.

Dated 6th November 1895

Despd. 6th — do —

Encls. 1. stat.

Note forwarding a proposition
statement for the employment
of two temporary draughtsmen
and a permanent writer and
a person in the office of the Chief
Engineer for Irrigation -

No 2912 W of 15 Nov 1895

Read the following:—

From the Chief Engineer for Irrigation No 674 W of
6 November 1895.

FOR ORDERS.

The recommendations in
this note are approved.

W
13 Nov

The Chief Engineer
for Irrigation applies for
sanction to the entertainment
of the following additional
establishment in his office:—

1 permanent clerk on Rs 80
per mensem as an indexer
1 permanent peon on Rs 7 per
mensem.

2 temporary draftsmen
for 6 months on Rs 30 each
per mensem.

2. The undersigned
recommends that the
employment of two tem-
porary draftsmen be
sanctioned, but it is

unable to see any grounds for the increase to the permanent establishment applied for. He is not satisfied that the work of the Irrigation office cannot be done by the existing clerical staff, or that 8 persons is an insufficient number for that office. The Secretariat office has only 14 persons to work a far more elaborate procedure than is required in any subordinate office. All the circulation of papers to Honorable Members, including those of the Irrigation & Railway branches

has to be done by the Secretariat persons. They have also to carry papers of all branches of the P. W. Dept. to, and from, the Press and the other departments of the Secretariat in the Fort, as well as to convey all telephonic messages received at the Chapak building.

3. It is indeed not clear what work is left to be done by the persons of the office of the Chief Engineer Irrigation as distinguished from the Secretariat, and the undersigned is much more inclined to recommend a reduction

in their number than
an increase to it.

No 64. E.M.

Dated 6th November 1895

Despd. 6th — Do —

Encls. 1. stat.

Note forwarding a proposition
statement for the employment
of two temporary draughtsmen
and a permanent welder and
a peon in the office of the Chief
Engineer for Brigation -

No: 64. E.W.

Note by the Chief Engineer for Irrigation.

In G.O.No: 3198-W dated 13th December 1894, two additional draughtsmen were sanctioned for the drawing branch of this office owing to the great increase of work and to the large accumulation of arrears as explained in this office Note No: 295 dated 13th November 1894. In spite of this increase of establishment, much of the arrears still remains unattended to, as the time of the branch has, of late, been in a great measure taken up in the preparation of plans for the Engineering History of the Godavari delta sanctioned in G.O.No: 1009-I dated 14th December 1894.

2 As no progress has been made in the preparation of maps and lists of tanks affecting railways and the lists and maps of Minor irrigation works D.P.W. have to be revised sanction is requested for the employment of two temporary draughtsmen for a period of six months on a monthly salary of Rs 30 each. These lists and maps are urgently required & their preparation should no longer be delayed.

3 The record branch of this office is put to much inconvenience from the want of an indexer. At present no indexes of the papers are maintained in the records, excepting that for Proceedings of the Madras Government of the Irrigation Branch and the result is serious delay in dealing with references owing to the great difficulty in tracing papers.

4 To avoid delay and inconvenience, it is recommended that sanction may be obtained to the employment, on the permanent establishment, of an indexer on Rs 80 per mensem and to an additional peon on Rs 7, as the present staff of peons is found very inadequate.

NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
