• READ—the following papers:—

From His Excellency the Lieutenant-General Commanding the Forces, Madras, to the Chief Secretary to Government, dated Ootacamund, 19th October 1895, No. 1860 M.W.

In continuation of my letter No. 1536 M.W. of 24th August 1895, I have the honour to forward, for sanction, a plan and estimate, the latter amounting to Rs. 6,640 for providing a system of drainage in the South Infantry Lines at Trichinopoly.

2. It is most desirable on sanitary grounds that this work should be taken in hand on an early date.

3. Of the sum of Rs. 9,918 * allotted for incomplete Major works in the Imperial Military Works Budget estimate of the current financial year, it is understood that Rs. 3,271 † have been appropriated for the construction of quarters for the Sergeant Instructor of the South Indian Railway Volunteer Rifle Corps at Cuddalore, and I would suggest that the balance, i.e., Rs. 6,647, be utilized for the drainage scheme now submitted for sanction.

* G.O., Public Works, No. 1430 W. of 14th June 1895.

† G.O., Public Works, No. 1667 W. of 8th July 1895.

No. 1572, Local and Municipal.

Transferred to the Public Works Department.

FORT ST. GEORGE,
2nd November 1895.

(Signed) W. FRANCIS,
Ag. Under Secretary.

Note by the Chief Engineer, Public Works Department.

The undersigned considers that it would be well to found the cisterns on concrete.

18th November 1895.

To

The Chief Secretary to the Government
of Madras

CURRENT No. 3179 M

SIR,

In continuation of my letter No. 1536
M.W.

of 24th August 1895, I have the honor to forward for
sanction a plan and estimate, the latter amounting
to Rs. 6,640, for providing a system of drainage in the
South Infantry Lines at Trichinopoly.

2 It is most desirable on sanitary
grounds that this work should be taken in hand on an
early date.

3 Of the sum of Rs. 9,918^(a) allotted for
incomplete Major Works in the Imperial Military
Works Budget Estimate of the current financial
year, it is understood that Rs. 3,271^(b) have been
appropriated for the construction of quarters for the
Sergeant Instructor of the South Indian Railway
Volunteer Rifle Corps at Buddalore, and I would

Suggest

ORDER—No. 2967 W., dated 20th November 1895.

The estimate, amounting to Rs. 6,640, for providing drainage in the South Infantry Lines at Trichinopoly is sanctioned, and a sum of Rs. 6,023 is appropriated for the work as shown below:—

				RS.
From the reserve under Imperial Military Major Works	...	...	...	4,696
Do.	do.	do.	repairs	1,327
Total				6,023

2. The balance of the estimate, viz., Rs. 617, will be provided later in the year if funds become available.

3. Attention is drawn to the Chief Engineer's note recorded above.

4. The sanction accorded in paragraph 1 has been registered as Imperial Ordinary No. 1 W. of 1895-96 and classified as Military Original Works.

(True Extract.)

Under Secy. to Govt., P.W.D.

To the Superintending Engineer, VI Circle,
with plans and estimates.
„ the Examiner, Public Works Accounts.
„ His Excellency the Lieutenant-General Commanding the Forces.

suggest that the balance i.e. Rs. 6647 be utilized
for the drainage scheme now submitted for sanction.

I have the honor to be

Sir

From the Local & Municipal Dept.

NOTE BY TECHNICAL SECTION.

Name of work. Providing drainage in both
Infantry lines at Trichinopoly.
Amount of Estimate Rs 6640

The plan & estimate under re-
view provide for draining the
South Infantry lines, named
quarters except 3 1/2 lines mark-
ed A. B. C & half of D, as
shown on survey plan.

Provision has been made
for two main drains marked
A & B built 6 feet from the
lines and flushed apparently
through cisterns 6 feet square,
built at the ends of main
drains A & B & the sewage dis-
charged into the earthen drain
to the west of the Infantry lines.
House drains have also been
provided for to meet the main
drains, as shown on plan.

The drains are to be egg
shaped & built with brick in
Chunnam, the section of the main
drain is to be 12" x 12" & the house
drain 8" x 8" & the surface plas-

plastered with cement.

The cisterns are to be built of brick in chambers 6' x 6' x 3' 6" & plastered with cement, the floors are to be of cut stone 3" thick & the cisterns fitted with leak wooden shutters down.

No levels have been provided as to the fall of the ground but annex indicating the fall of the ground have been shown.

The valves are fixed & the estimate is in order.

H. 11.55.

Sanction with a note that it would be well to found the cisterns in concrete.
