And I believe the
transfer wd. be to the benefit
of the Govt & Dist. districts, but
I fear there would be great diffi-
culty about house supply ac-
commodation at Waltair (or
Vijay). I don't know about the
vacant Govt buildings in the town
of which the S.E. speaks, but my
recollection is that we are already
in difficulties about a place to
put the town but we are in, now
that the Lt. Govt. coming visits
on maintaining the military hospital.
The Govt. Supt. would know about
this, it may be that the papers
(as dealing primarily with a hospital)
are in Public

CHMS

Transfer of the head-
quarters of the S.E. I Circle
to Waltair

2993 W

No. 2993 W 25 Nov 1895

P.W.D.

Note by the Chief Engineer, Public
Works Department:-

The Superintending Engineer, I
Circle, proposes the transfer of his
head quarters from Dowlaishweram to
Waltair, and the proposal is supported
by the Chief Engineer for Irrigation.

2. There is certainly much to be
said in favour of the proposal; it is
undoubtedly the fact that owing to
the present position of the Superin-
tending Engineer's head quarters, the
northern districts of Ganjam and Vi-
zagapatam receive an unduly small,
and the Godavari District an unduly
large share of his attention.

3. Although the work in the Goda-
vary is of far greater importance -
than that in Ganjam and Vizagapatam,
it is work of a kind which requires
the attention of the Executive Engi-
neer rather than that of the Super-
intending Engineer, and the Godavari
Divisions are invariably in charge -
of officers specially selected on ac-
count of experience or ability.

4. I am therefore of opinion that
on administrative grounds the change
is a desirable one.

5. The only objection is the ex-
pense; it will probably ^{be} necessary to
build

build an office at Waltair for the
Superintending Engineer, at a cost
of between Rs. 8,000 ^{and} to Rs. 10,000,
and the reduction of rent owing to
the occupation of the present Suptg.
Engineer's house at Dowlaishweram
by an Executive Engineer will vary
from Rs. 96 to Rs. 456 annually accord-
ing to the rank of the officer occu-
pying it. I do not think that these
considerations should outweigh the
administrative advantage of locating
the Superintending Engineer at a
station where he will be able to
give much more attention to a some-
what neglected part of the Presi-
dency than he can do at present, and
therefore agree with the Suptg. En-
gineer and the Chief Engineer for
Irrigation in supporting the propo-
sal.

FROM

A. H. Garrett Esquire.

SUPERINTENDING ENGINEER

FIRST CIRCLE,

TO

THE CHIEF ENGINEER

PUBLIC WORKS DEPARTMENT.

DOWLAISHWERAM, 15th September 1895.

Thro: The Chief Engineer for Irrigation.

SIR

I have the honour to suggest for your consider-
ation the advisability of transferring the head quarters
of this Circle to Waltair.

2. The records of my office do not go further
back than 1869 but I believe that for a number of
years Waltair used to be the head quarters of the Circle,
and it was not till 1864 that Government decided
on making Dowlaishweram the head quarters of the
Superintending Engineer.

3. The reasons for this change are not far to
seek. In 1864 the Godavari Delta Project works
were in full swing, important questions were continually
coming up for decision, and great inconvenience and
delay were inevitable if the Superintending Engineer
was stationed at Waltair, in those days a week's
march

7
march from Dowlaishweram.

4. These were no doubt excellent reasons at the time but they are no longer applicable as the Project works have been completed, and the Railway has brought Dowlaishweram within easy reach of Waltair.

5. The only practical objection which can be made against the proposed change is that the Superintending Engineer would not be likely to make such frequent inspections as at present of the Delta, where the most important works in the Circle are situated; but it is open to question whether frequent inspections of a completed Project are so necessary as inspections of Districts where much still remains to be done for their proper development.

6. I am myself unable to conceive any circumstances in which the interests of Government would suffer in consequence of the Superintending Engineer being stationed at Waltair instead of at Dowlaishweram unless the latter place can be shown to possess advantages which make it peculiarly suitable for the Circle head quarters it should be given up as it has many decided drawbacks.

7. It is not central, it is deadly dull, its climate

is bad, and its food supplies atrocious. The place has such a bad reputation that the first Circle which is one of the most important is certainly one of the most unpopular simply on account of its head quarters.

8. If Waltair again become the head quarters, the Circle would be a very popular one and this in itself would be a distinct gain. Waltair has moreover a good climate and in being so central it has a great advantage over Dowlaishweram. This point deserves special consideration in connection with the Rushikulya Project. I have little doubt that both the Ganjam & Visagapatam Districts have suffered in consequence of the head quarters of the Circle being so remote.

9. If the head quarters were changed to Waltair the house now occupied by the Superintending Engineer would be available for the Senior of the two Executives whose head quarters are at Dowlaishweram. There will probably always be a Senior Executive in charge of the Eastern Division so that the loss in house rent will not be considerable. The Superintending Engineer's Office and that of the Executive Engineer Eastern Division are now in the same building which does not afford sufficient accommodation for the two Offices.

10. If the Railway head quarters at Waltair are

No.

ENCLOSURES

SUBJECT.

moved on the transfer of the East Coast Railway there would be no difficulty in procuring a suitable office and house for the Superintending Engineer in Waltair, but otherwise Government would have to build.

11. In conclusion I would observe that the principle apparently followed in the selection of Circle head quarters in this Presidency is to make the best station in the Circle the head quarters of the Circle. As instances I would mention Bellary, Coimbatore, Madras, and Trichinopoly. The first Circle was no exception to the general rule till special reasons made a change of head quarters desirable. As these special reasons no longer exist, and as the Rushikulya Project furnishes

S. E. I.

furnishes a reason for a more central head quarters I submit that the time has arrived for going back to the original head quarters of the Circle.

I have the honour to be,
Sir,
Your most obedient servant.

SIR,

I have the honour to submit the information called for in your No. 3191C. 36.10.7.
2. *Accommodation for my*
would be immediately available in Waltair in some Government building in the town, but I am not prepared to say that it would not be necessary to build later on an office for the Supt Engineer the approximate cost of which would be Rs 8500.

3. *I have made inquiries and find that there are now two suitable residences available for rent, but it is*

Enclosures.

+ May Y

Extremely unlikely that they will remain unoccupied for long.

H. The average pay of Exec. Engineers on the Imperial List is Rs 850/- The rent of the Superintending Engineer's bungalow at Donlaisheveram is Rs 108/- or practically 10 per cent of the pay of a Superintending Engineer 3rd Class. If the rent were changed so as to be

$\frac{1}{2}$ on the average pay of an Executive Engineer, it would amount to Rs 85 per annum and the total annual loss owing to reduced rent would be $\text{Rs } (108 - 85) \times 12 = \text{Rs } 276$.

I request the favour of early orders being passed so that the probability of securing a house may not be lost.

I have the honor to be

PUBLIC WORKS DEPARTMENT.

no 2994 W of 25 November 1895
 PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Proceedings of the Board of Revenue (Land Revenue) No. 5615. Mis. dated
 11th November 1895.

In G.O. No. 2197. W. dated 4th September 1895, the Government sanctioned the purchase of Colonel Drake-Brockman's house at Tanjore for Rs. 12,000, on the understanding that the acquisition of the site would cost an additional sum of about Rs. 500.

2. The Collector of Tanjore now submits a draft notification under Act I of 1894 for the acquisition of the land, in which its value is estimated at Rs. 5,220, thus making the total cost of the property Rs. 17,220 against the previous estimate of Rs. 12,500.

3. His Excellency the Governor in Council is not prepared to incur so large an outlay for the purpose of providing an official residence for the Executive Engineer, Tanjore Division, and the proposal must therefore be dropped. The grant of Rs. 12,500 made in the G.O. ~~quoted~~ above quoted

is

SUBMITTED that the

Department may be asked to expedite their reply to the un-official reference noted on the margin regarding which reminders have already issued on :—

No.

Dated 191

Subject

Department

value of the land and of the trees
and wells on it, at Rs. 5,220, thus
making the cost of the acquisition
Rs. 17,220 instead of the former es-
timate of Rs. 12,500. This gives the
subject an entirely new aspect and
the question whether the property
should be acquired requires ^{re-} consi-
deration.

5. If it be decided to go on with
the acquisition, the sanction of the
Government of India will be neces-
sary, for the rent will now work out
to a figure far beyond 8 per cent
of the average pay of Executive En-
gineers.

6. The undersigned is not prepared
to recommend the purchase of the
property on the terms now brought
to notice.

Cu

No. 2994 W of 25 Nov 1895

READ the following:—

From the Board of Revenue (Land Revenue) No. 5615 Mis. d/11th Novr. 1895.

FOR ORDERS.

The Collector of Tanjore submits a draft notification for the acquisition of Colonel Drake-Brockman's house at Tanjore.

2. The purchase was sanctioned in G.O. No. 2197 W. dated 4th September 95. Colonel Brockman having accepted an offer of Rs. 12,000 for the house, the cost of the site was estimated at Rs 500, and an allotment of Rs. 12,500 was made to meet the cost of acquisition of land and house.

3. In calculating the rental of the building, the cost of repairs was set down at Rs. 120 per annum, and the rent thus arrived at was Rs. 53 per mensem. This being less than 8 per cent of the average pay of the Executive Engineer class, the purchase was held to be within the powers of Local Government.

4. The Collector now sets down the value

1895.

Proceedings of the Board of Revenue
(Land Revenue).

Dated 11th November 1895.

No. 5615 *mis*:

READ — the following letter from E. C. Rawson, Esq.,
acting Collector of Tanjore, to the Secretary to the
Commissioners of Land Revenue, Madras, —
No. $\frac{140}{Comp}$ of 1895, dated 31st October 1895.

With reference to Board's Proceedings
No. 4764 *mis*: dated 21st September 1895 Com-
-municating Government Order regarding
the acquisition under Act I of 1894 of
Colonel Drake Brockman's bungalow at
Tanjore and the site thereof, I have the
honour to submit a draft declaration
under section 6 of the Act and request
that the same may be approved and
forwarded to Government for publica-
-tion in the Fort Saint George Gazette.

2. The Receiver, Palace Estate has no objection to part with the land on which the bungalow stands on payment of reasonable Compensation.

Resolution:-

Submitted to Government with the recommendation that the draft notification, as slightly modified by the Board, may be approved and ordered to be published in the Port of George Gazette.

2. It is observed that the estimated cost of the acquisition is Rs 17,220 while a sum of Rs 12,500 only has been allotted for the purpose in G.O. 2197W
4.9.95.

No 3308.

Tinnevely Division office
25 October 1895

From

G. B. Lambert Esq.
Executive Engineer
Tinnevely Division

To

The Superintending Engineer
Sixth Circle

Sir

I have the honor to
report that an amount of
Rupees 19-11-6 (made up of items
shown in the margin) is due
from Mr. Bell for rent for
the Sub Collectors Bungalows
now at Tuticorin.

2. I have addressed
the Treasury Deputy Collector
and asked him to recover
the amount, but he replied
that Mr. Bell refuses to pay
from the date of letter No
2813 from Government of India
dated 1.2.95 printed with G.O. No 342 of
11.2.95
Sanctioning

Difference of rent Rs 95-8-80	
for February 1895	Rs 15-0-0
1st & 3rd March at Rs 15	" 1-7-3
15th March at Rs 20	" 2-9-3
	<hr/> Rs 19-11-6

Sanctioning the reduction of
rent to Rupees 80 per mensem.

3. But according to G.O.
N^o. 648 W. ^{6.3.91} it is ruled that
revised rate shall have
effect from the date on
which notice of the same
is served on the occupant.

The copy of G.O. N^o. 342 W. ^{11.2.95}
referred to in para 2 supra
was communicated to Mr.
Bell on the 2nd March 1895
and received by him on the
4th Idem.

4. Mr. Bell therefore should
pay rent at Rs 95 per mensem
up to the 3rd March 1895, and
the claim preferred by this
Office is correct.

5. I request the favor
of your referring the matter
to Government for their orders.

6.

6. I enclose a copy of Mr.
Bell's letter for your information.
Mr. Bell also refuses to pay
rent for 15th March, his suc-
cessor has only paid from
16th Idem.

I have the honor to be
Sir
your most obed^t Serv^t
Prof G. B. Lambert.
Executive Engineer.

N^o. 596 W.

Encl. 1

Copy together
with copy of the enclosure,
is submitted to the
Chief Engineer P. W. De-
partment, thro' the Examiner
of P. W. Accounts, for orders
of Government as to date
from which the reduced
rent should be recovered.

2. Whether rent is due
for

of the G. O. I fancy the Examiners
will find it somewhat pliffie
cult to make good his assert-
tion that I am liable for the
old rate of rent until notice
is served on me.

I have &c.

W. M. D. Bell.

To.

W. Sutton Esqre

Assistant Engineer in Ch.
Tinnevely Division

Sir

In reply to your letter
N^o 1725 dated 6 June 1895, I
have the honor to inform you
that I am not now in a posi-
tion to give you the date on
which the G. O. in question was
received by me. I have not
the papers here.

The G. O. fixed a
specific date on which the
reduced rent was to come
into force and I shall in
any case decline to pay the old
rate after that date.

No "notice" was ever served
on me as "tenant" and in face
of

Exd. C. M. Brisson.

This being less than 1/2 per cent
of the gross price of the
Ex. Imp. class, the purchase
was held to be within
the powers of the Local Govt.

The Collector now
sets down the value of
the land & of the trees
growing on it, at Rs 5,220

thus making the total
cost of the acquisition

Rs 17,220 instead of
the former estimate of
Rs 12,500. This appears

to present a
new aspect on the
whole affair & the
question whether the
property should be
acquired seems to require
reconsideration.

It is decided to go
on with the acquisition,
the valuation of the trees
will be necessary, for
the sum will now work
out to a figure far
beyond 80% of the value
of the land.

The Collector of
Tanjore submits a draft
notification for the ac-
quisition of Colonel Drue-
Brookman's house at
Tanjore

The purchase was
sanctioned in G.O. No.

2192 W of 4.9.25.

Col. Brookman having
accepted an offer of
Rs. 12,000 for the house
the cost of the site was
estimated at Rs. 500
in the papers attached
to the G.O. An allotment
of Rs. 12,500 was made
to meet the cost of
acquisition of land &
house.

In calculating
the rental of the building,
the cost of repairs was
set down at Rs.
120 per annum, & the
rent thus arrived at
Rs. 500 per annum
