OFFICE NOTE No. 4079-C

To

W.

With reference to G.O.No.2855 W dated IIth.November I895,I beg to point out that the Madras Literary Society is a private body and the building of accommodation for it from public funds is opposed to the spirit of Code II. VI. 3. and would require the sanction of the Government of India.

2. Considering that the society has occupied a Government building rent free for so many years and if Government admits that it is discharging a useful public function and has claim to consideration,the proposed new building might be given rent free,or such rent charged as Government might consider proper.
