Proceedings of the Board of Revenue (Land Revenue), Mis. No. 5419, dated 28th October 1895.

Read—the following letter from L. C. MILLER, Esq., Acting Collector of Vizagapatam District, to the Secretary to the Commissioners of Land Revenue, dated 16th October 1895, Ref. C. No. 3990.

In the year 1891 an office was constructed by the Public Works Department for the General Duty Deputy Collector at Vizianagram, the accommodation provided therein being—

2 Clerks' rooms, each	...	...	...	...	...	13' 7½" × 12'
2 Do.	...	...	...	...	...	18' × 10'
1 Court	...	...	...	...	...	26' × 18'
2 Clerks' rooms	...	...	...	...	...	12' × 9'
Total space						1,371 sq. ft.

In July 1892 the Principal Assistant Collector's office was transferred from Narsapatam to Vizianagram. The accommodation in the building being quite

1 Record room	...	...	35' × 16'	insufficient for a Sub-Collector's establish-
1 Clerks' room	...	...	45' × 16'	ment for which the standard plan provides
1 Head Clerk's room	...	...	16' × 16'	the marginally-noted accommodation,
1 Court room	...	...	30' × 20'	Mr. Shipley, the then Principal Assistant
1 Private room	...	...	16' × 18'	Collector, proposed to rent a room for his
1 Bath room	...	...	13½' × 6½'	office use in his bungalow. Mr. Willock
Total				then called for proposals for extending
				the building to suit the requirements of a
				Sub-Collector's office. Mr. Scott, the then

Principal Assistant Collector, proposed the addition of a record room 24' 3" × 12' 6", a clerks' room 18' × 12', and the conversion of one of the clerks' rooms 13' 7½" × 12' into a private room, and a verandah into a bath room. Mr. Willock approved of these proposals and had a plan and estimate for Rs. 2,400 prepared by the Public Works Department for the necessary extension. The Superintending Engineer sanctioned the estimate and the work was commenced by the Executive Engineer during the current official year.

2. Mr. Morris, the present Principal Assistant Collector, having reported to me in his letter No. 1438, dated 6th August last, that the extension now being made to his office was not quite adequate for the accommodation of the clerks and the records, as Mr. Scott's proposals still fell short of the standard design by 510 square feet, and that the work should be stopped pending settlement of the question of further extension, I requested the Superintending Engineer in my letter No. 3262, dated 21st idem, to stop work, and Mr. Morris to submit complete proposals for the extension of his office.

3. Mr. Morris now proposes to demolish certain walls (marked red in the enclosed plan) of the two additional rooms originally proposed, that have been raised only to a height of 3 feet and extend the building 15 feet northwards, dividing it into two

rooms. A copy of his letter explaining in detail the proposed further extension is herewith submitted. I inspected the building when I lately visited Vizianagram and agree with Mr. Morris in considering that the extension now being made to his office is not sufficient and that further extension is necessary. I therefore beg to request that the Board may be pleased to obtain the sanction of Government for the preparation of a plan and estimate for extending the Deputy Collector's office building at Vizianagram to suit the requirements of a Sub-Collector as proposed by Mr. Morris. The work has been stopped by the Superintending Engineer, pending settlement of the above question.

Resolution—Mis. No. 5419, dated 28th October 1895.

Submitted to Government with the recommendation that orders may be issued in the Public Works Department for the preparation of plans and estimates for extending the Deputy Collector's office at Vizianagram to suit the requirements of a Sub-Collector's office as proposed.
