PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following paper:—

From the Surgeon-General with the Government of Madras, dated
2nd. November 1895. No. 482:—

2. The Consulting Architect to Government, who has been
consulted by the Superintendent, regarding a waiting room for
people accompanying patients, states that the best arrange-
ment would be to convert the existing Carriage Porch into a
waiting place for people accompanying patients and to construct
another porch in front of it-of a cheap and light character.
By this alteration, the general appearance of the hospital
entrance will also be improved.

3. As the cost of the work is likely to exceed Rs. 500, the
consulting Architect suggests that the sanction of Government
should be obtained to enable him to prepare the necessary
plan and estimate. I request therefore that Government will
be pleased to sanction the work, which, as will be seen from
the preceding paras, is very necessary, and to authorize the
consulting Architect to prepare the plan and estimate.

I would request the favour of early orders being passed in
the matter in order that the work may be completed while the
Public Works Department are working at the hospital.

READ—the following paper:—

From Surgeon-Major-General W. F. DEFABECK, M.D., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Ootacamund, 21st April 1894, No. O. 4.

With reference to G.O., No. 96, Public, dated the 13th February 1894, I have the honour to forward the accompanying plan and estimate, amounting to Rs. 32,834, for additions sanctioned to be made to the central block of the Lying-in Hospital, Madras.

2. The plans were seen and approved by Surgeon-Lieut.-Colonel A. M. Branfoot before he proceeded on furlough.

3. As the Superintendent reports that the Native delivery wards are very urgently required, I have the honour to request the favour of early orders of Government for the provision of necessary funds.

No. 910, Public.

Resolution

The Conservator's letter read
 above will be submitted to Government
 with reference to its endorsement dated
 14th August 1895, No. 3266 Revenue, an
 office note from the Public Works
 Department dated 10th August 1895,
 No. 731 D.

2. All the Conservators are in
 favour of two rooms, the superficial
 area recommended being as under:—

Conservator, Central Circle

$$12' \times 10' = 120$$

$$12' \times 12' = 144$$

$$\underline{\hspace{1cm}} 264 \text{ Sq ft.}$$

Conservator, S. Circle *

$$14' \times 14' = 196$$

$$14' \times 10' = 140$$

$$\underline{\hspace{1cm}} 336 \text{ Sq ft.}$$

Conservator, N. Circle.

Does not give the
 dimensions of each room
 but in case only one can
 be provided, proposes
 that its area should be

$$18' \times 14' = 252 \text{ Sq ft.}$$

3. The Board considers that the
 area recommended by the Conservator,
 Southern Circle, is unnecessarily large

and

* would have
 a third room
 in addition
 for range
 where there
 are many
 shoes.

SIR,

Reference - B.P. I. No. 1248 Mis. dated 26th
August 1895 and Reminder No. 77 of 7th Oct 1895.

I have the honor to reply regarding accom-
modation for Range offices regarding which
I am expecting replies from Collectors.

2. Two only have reported the views of the
District Forest officers one of whom thinks a
separate building with 3 rooms is requisite the
other a room 14' x 14'.

3. I am myself in favor of there being two
rooms unless records can be stored in the
Taluk Record room but in case a second room
is not available I would suggest a room at
least 18' x 14' as requisite for the storage of records
and stores.

I have the honor to be,

Sir,

SIR,

In reply to the above, I have the honor to
inform you that I consider 2 rooms should
adequately suffice to meet the requirements of a Range
office— One, not less than 14 feet by 14 feet to
be used as an office, and a second not less than 14
feet by 10 feet for records, maps and stores—
the 2 rooms opening one ^{with} the other or connected
by an archway.

In the case of ranges in which there are many
stores, a third small room would be desirable.
