Resolution:- Submitted for the sanction of Government.

2/. The Board does not understand why the room for
-merly used by the Taluk Magistrate should be constantly occu-
-pied by the Deputy Collector when in camp at Nandikotkur and
the Collector should see that the Deputy Collector makes other
arrangements in future pending the construction of the new —
Cutcherry building.

Order thereon, No. 4617, d/16th November 1895.

The construction of a first class taluk Cut-
-cherry at Nandikotkur is sanctioned.

2/. Orders will issue in the Public Works De-
partment for the preparation of the necessary plan and esti-
mates.

Kurnool Collector's Office.

KURNOOL, DATED 25th September 1895.

From

S. M. Mubaly, Esq.

COLLECTOR OF KURNOOL.

To

THE SECRETARY TO the Commissioners of
Land Revenue
Madras.

Sir,

I have the honor to request that Sanction of Government may be obtained for the construction of a 1st class Taluk Cutcher of the standard design at Nandikotkur.

2. The present building is on the old Chavady style situated amidst habitations with a low roof and is badly lighted and ill-ventilated. The accommodation provided is unsuitable and quite insufficient so much so that the Tahsil dar sometimes finds it necessary to hold his office in the Police Station to the great inconvenience of the Police. A copy of the Tahsil dar's letter no. 783 dated 4-9-95 with the plan of the building

herewith enclosed, fully shows the inconvenience felt by the Taluk Officials. The building is so badly lighted that the clerks find it difficult to go on with their work without lights after 4 P. m. and are thus obliged to come out into the Verandah. The roof is only 10 feet high and there are walls all round; consequently the heat in the hot weather is very oppressive and work is done with great personal discomfort.

3. Some repairs and extensions (vide portions marked red in the plan) were lately prepared and the estimate came to Rs 1760. I referred this to the Executive Engineer and he concurs with me that it would be better to construct a new building on the standard plan than to spend large sums on the proposed additions.

As the building is old, inconvenient and unsuitable, I think it is wiser to provide a good substantial building once for all than to waste money on the existing building.

The Taluk is one of the most important in

the District and deserves a 1st class bungalow.

I have the honor to be,

Sir,

Yours most obedient Servant

Nandikotkur Tahsil dar's Office

Dated 4th September 1895

I am

The Tahsil dar of

Nandikotkur.

To

The Collector of

Kurnool.

Sir,

Adverting to your reference dated 16.8.95
on Current No. 1476 of 1895, I beg most respectfully

to submit herewith a rough sketch of the Tahsil

* Sir Office as it stands at present and to report

that the accommodation is insufficient for

the reasons specified hereunder:-

No. 1 Room was formerly used by the Tahsil

Magistrate when he was conducting

Criminal cases but it will constantly

be occupied by the Head Quarter Deputy

Collector whenever he Camps at Nandikot-

- kur.

No. 2. This was formerly intended for Tahsil-

- dar but it is being used for keeping property

in Criminal cases as there is no other room

for the purpose.

No. 3. This is used for keeping stationary articles and also forms relating to account books.

No. 4. Police Station. The Jaisil dar also holds for the present, his office in it and this much inconvenience is felt by the Police especially when the Jaisil dar is engaged in judicial work, as the Police Inspector also occupies a portion of the station whenever he holds a Head Quarters.

No. 5. Record Room. It is very narrow and poorly lighted and it has not got sufficient room to hold the records as per new design. It is at times also subject to white ants.

No. 6. Stores Room. Only village material stores are stored in it but it is insufficient for that purpose alone. This room also is subject to white ants at times.

No. 7. Treasury Case.

No. 8. Inside verandahs are in a leaky condition.

The front verandah is also in a dilapidated state and unless the same is put in order it will

will fall down shortly.

In general, the office is very low being $9\frac{3}{4}$ feet high and therefore atmosphere during summer will be too hot to bear and the whole office will be enveloped in darkness from 4 P.M. at all seasons and that in consequence the clerks cannot work without the aid of lamps.

I therefore request that the proposed extensions may be sanctioned so that no inconvenience may be felt.

I beg to remain

Sir

Your most obedient servant
