COLLECTOR'S OFFICE
25 FEB 5
CUDDAPAH

TO. The

HIS EXCELLENCY THE RIGHT HONOURABLE

BEILLEY BARON WENLOCK G. C. I. E.

THE GOVERNOR IN COUNCIL

MADRAS.

Through The Collector of

Cuddapah.

The humble memorial of Mir **Azzuddin** Ali, grandson of the late Nawab Mir Raza Ali Khan Bahadur, the maternal uncle of Tippu, and the Nawab of Gurramkonda and representative of Gurramkonda family,

Most Respectfully showeth:—

That his grand-father the said Mir Raza Ali Khan Bahadur's Mahal (house) called Rangeen Mahal at Gurramkonda in Vayalpad Taluk, Cuddapah District, is now undergoing alterations and repairs at the cost of Govt. to the extent of about Rs. 4,000 according to the choice of the circar officers.

2. The said building was originally built by the petitioner's said grandfather and was used as the residing house of his heram etc. during his lifetime and subsequently by his sons till 30 years back, but was left vacant by the petitioner's uncle, Mir Murad Ali Khan, as he chose to live and settle in Mahal near Gundloor. It was, as such vacant house, used by the European officers as traveller's Banglow and pettey repairs were carried out by the Engineers every now and then with the consent of Mir Murad Ali Khan who was taking and using the old materials thereof such as beams, rafters, & stones removed during repairs for his own and Mir Raza Ali Khan's tombs out-house purposes at his own choice and also the materials that fell off the building.

3. The building which was his grandfather's house cannot lapse to Govt. or District Board, because it belonged to the said Gurramkonda Nawab's family, the then head of which was Mir Khamruddin Ali Khan who had sacrificed his own interest in alliance to the British Govt. and to whom and to whose family and relations the then Governor-General promised protection and help by the restoration of the Jaghir consisting of 5 Taluks viz. Madanapalle, Vayalpad, Rayachoty, Kadiri and Pulivendula (Vide Art. 2 of the Partition Treaty of Mysore in 1,799); though they are now unfortunately deserted and left alone to live from hand to mouth.

4. The most benign Govt. has on no occasion deprived their loyal subjects such as of this family, of their buildings, houses, estate etc. This most unfortunate family might be a single instance, notwithstanding their innocence, everlasting loyalty and most humble submission to the British Throne up to date.

The petitioner is informed that Govt. has been in possession of the Mahal for a longtime and that it does not seem possible to reopen the question.

5. On the petitioner's representing the case to the Collector he was favoured with the marginally noted endorsement No. 1050/16-9-94. But the petitioner craves to point out to his Excellency in Council that lapse of time or long possession of Govt. of thehouse under the above circumstances has nothing to do in case of buildings of this nature.

6. There have been many instances in which the Govt. took the rightful claims of this kind into their kind consideration and did justice to the owners. The said mahal does not seem to have lapsed to Govt. by virtue of a just cause nor has it been taken on payment of any compensation.

7. The present impoverished and straitened circumstances of the family or the posterity of the late Mir Raza Ali Khan, the maternal uncle of Tippu, gave your petitioner to approach your Excellency with the grievances in hand and to

start a just claim for his ancestor's dwelling house which may be restored to the family or in case the Govt. want to retain it for public convenience and use, compensation may be ordered to be paid in stead,

For which act of justice, charity and benevolence your most humble petitioner shall ever pray for your Excellency's long life and prosperity.

میر عزیز الدین علی

Gurramkonda

No. 80

From

M. Murray Esquire
Collector of Cuddapah

To,

The Secretary to Board of Revenue
Fort St. George.

Sir,

The Chief Engineer at Madras having called upon the Civil Engineer of this district to frame an estimate for the repairs of the palace at Gurrumcondah to be converted into a public Bungalow and forwarded the same for the consideration of the Board of Revenue; I have the honor in compliance with his wish to forward the enclosed Estimate, report, and plan.

At present so few travellers pass along the road on which Gurrumkondah is ~~situated~~ situated that I do not feel myself justified in recommending the estimate being carried out, but should the road under contemplation be completed viz. from Belair to the frontier of Bellary thro' Gurrumcondah and the road constructed between Cuddapah Royachoty Goorrumkondah, Maddunpully and Poongaunoor to join the great trunk road leading from Madras to Bangalore, more travellers will

will probably pass along the road when the palace will be more required for a bungalow. at present there is no sepoy, peon, or a sweeper employed, so that no returns of the travellers who have halted at this place can be forwarded; those who have are chiefly those who are residents of the District.

I have &c

Revenue

No. 3207

Extract from the Proceedings of the Board of Revenue dated 3rd October 1856.

Read the following:

Public works Department

Public.

No. 1735

Extract from the minutes of consultation under date the 25th September 1856.

Read the following letter from the Secretary to the Board of Revenue.

Submitting a letter from the collector of Cuddapah, and recommending that sanction be granted to estimate of expense for converting the Goorrumcondah Palace into a traveller's Bungalow.

Here enter
5th September
~~1856~~
1856
No. 2920.

The Board of Revenue submit an estimate from the civil engineer of the Cuddapah district for converting the Goorrumcondah Palace into a traveller's Bungalow and recommend it for sanction. The collector is not inclined to recommend the proposition in consequence of the small number of Travellers passing along the road.

Poonganoor	16½ miles
Mudduntpully	43½ "
Royachoti	13½ "
Neelcuntarogapet	13½ "
Cuddapah	21½ "

2. Government observe that Goorrumcondah is on the road from Bangalore to Cuddapah, on which there are five Bungalows as in the margin in the Cuddapah district. The distance

distance between [illegible] and [illegible] the road where it is 48 miles; and the absence of a Bungalow between these two stages must be highly inconvenient. Goorrumcondah is 18½ miles from the former and 25 from the latter place, and the utility of a Bungalow at that place is apparent; and the sum required to convert the old palace into a Traveller's Bungalow being so trifling, the Governor in Council considers that may well be thus laid out, although the number of travellers using the road is stated to be small. It is also to be observed that the new road from Madras to Bellary by Peelair will pass through Goorrumcondah and will increase the number of travellers and it appears that on completion of that road the collector would support the present measure. It couldn't however be prudently postponed, because the civil Engineer has expressed it as his opinion that unless measures are soon taken to put the building in proper order it will become a heap of ruins.

3. The Governor in Council, sanctions the estimates submitted by the Board, amounting to Rupees (820) eight hundred and twenty for entry in Budget of 1857—58.

4. This estimate ought to have been submitted by the Board of Revenue through the chief Engineer; and the attention of the Board will be called to the order of Government in this Department dated 19th July 1856 No. 1217 a copy of which was communicated to them wherein directing that all Heads of Departments having occasion to send up estimates for the sanction of Government, shall forward them through the chief Engineer.

REVENUE DEPARTMENT.
Enclosure No. 3
Current No. 124

Read again Board's Proceedings, dated 30th March 1874, Mis. Nos. 2186 and 2225.

Read also the following letters:—

From W. D. Horsley Esquire, President of the Local Fund Boards, Cuddapah District, to J. Grose Esquire, Secretary to the Board of Revenue, dated 29th April 1874, No. 282.

I have the honour to reply to the questions asked by the Board, in their Proceedings Miscellaneous No 2186 dated 30th March 1873.

× Not for the [illegible] in the Record

B
8/3/95

1stly.— The Goovalcheroo Bungalow was used by the Department Public works as an Inspection Bungalow.

2ndly.— It was handed over by that Department to the Local Fund Board on no authority.

3rdly.— The circle Board propose to utilise the Bungalow for the accommodation of District officers and travellers, and to charge fees for its occupation. A copy of the circle Board's resolution on the subject is enclosed.

2. As I have said in another letter on the subject of Bungalows generally, ~~will~~ this bungalow will almost entirely be occupied by District officers when travelling on duty. Bonâ fide travellers are rarely, if ever, to be met within the Madanapalle circles. ×

Enclosure No. 1— Extract from the Proceedings of Local Fund Boards.

[illegible] be made in favour of the Madanapalle bungalows. I would have interfered in the matter, but I did not consider that I would be justified in doing so, as I had already submitted the subject for the orders of Government, which orders I hoped would have set the question at rest. I leave it, however, for the Board to say whether the Government having in their order No. 935, dated July 5th 1873 prohibited the erection of Bungalows from public money because the officers for whose benefit they were designed received a sufficiently liberal tentage and travelling allowance, it may not be inferred that the Government would also prohibit the maintenance of existing bungalows used almost entirely for the same purpose, and in the maintenance of which the General public is in no way interested.

Enclosure No. 1

List of bungalows which the Local Fund Board, Madanapalle Circle, wish to have transferred to them under their control.

Name of the bungalow	Whether public or inspection bungalows	Date of Government order closing the Bungalows	Remarks.
Royachoty	Public	G. O. dated 31st August 1872 No. 1153	Transferred to Local fund Board Madanapalle circle
Goovalchervoo	Inspection	- - - -	
Sanepoy	Do	- - - -

8. Kadiri	Inspection	......	

Signed W. D. Horsley

President.

Submitted for the orders of Government.

2. The Madanapalle Local Fund Board having applied for small allotments to be spent in repairing the Goovalchervoo and Gurramkondah bungalows the Board enquired when, and under what authority, they had been given to the Local Fund Board. It appears that in a resolution, dated the 6th July 1873, the Local Fund Board decided after reading a letter from the District Engineer that they would take charge of seven inspection bungalows. Apparently they thought that the bungalows were attached to the roads and that no application to Government was necessary. In this they were wrong, and the question now is whether Government will authorize the transfer.

Goovalchervoo,
Sanepoy.
Sambepalle,
Kalkudda,
Peelair.
Gurramkondah
and Kadiri

In the letter recorded with G. O., Financial Department, dated 5th July 1873, No 935, the President of the Cuddapah Local Fund Boards submitted a resolution of the Madanapalle Local Fund Board in favour of repairing the Gurramkondah bungalow and building three new inspection Bungalows. The President represented that it was wrong to spend Local Fund money not only in building but also in repairing bungalows of this sort, because they are meant entirely for the convenience of European district officers, but made an exception with regard to the Gurramkonda bungalow, as being larger than usual and used formerly as a public bungalow. The Board in submitting this Question to Government dealt only with the question whether cheap inspection bungalows should be built from the Local Fund, and Government decided against it.

4. It remains to decide whether Local Fund Boards shall be authorized, if they please, to keep up existing bungalows of this sort. The President is of the contrary opinion.

except by District officers, and that the Cuddapah Local Fund Boards have refused to take charge of similar bungalows in their circle. He makes exceptions in the cases of the Royachoty Public bungalow which was transferred to Local Fund Board by G. O., Financial Department, 31st August 1872, No 1153, and need not be further mentioned, and the Gurramkondah inspection bungalow which is alluded to above.

5. As in the case submitted to Government in Board's Proceedings, dated 19th March 1874, No 632, the Board think that Inspection bungalows already in existence should be handed over to Local Fund Boards, and that Local Fund Boards should be allowed to keep them in repair if they choose to do so.

8608/95

25-5-7

No. 1,264.

PROCEEDINGS OF THE BOARD OF REVENUE, dated 16th May 1876.

Read the following letter from J. D. B. GRIBBLE, Esq., Acting President of the Local Fund Boards, Cuddapah District, to C. A. GALTON, Esq., Acting Secretary to the Board of Revenue, dated Gurramkonda, 19th March 1876, No. 173:—

I HAVE the honor to bring to your notice that G.O., No. 93, dated 15th January 1876, does not dispose of the question raised regarding the inspection bungalows in the Madanapally Circle.

Board's Proceedings, Mis. No. 2,225, of 31st March 1874.
This office letters to the Revenue Board, Nos. 311 and 508, of 5th May and 7th August 1874.

2. The advisability of taking over these bungalows has been discussed in the correspondence noted in the margin. Summed up in a few words the question amounts to this:—

Sanepoy, Sambiapully, Kalcudda, and Peelair.

(1.) The bungalows as per margin, four in number, were built from funds sanctioned for roads and as such became vested in the Local Fund Board under Section 8 of the Act.

(2.) Previous to being taken over by the Board, they were maintained by the Department of Public Works out of funds allotted for the maintenance grants of the roads on which they were situated. The cost of maintenance accordingly fell upon the Local Funds; and, as the Board considered it to be improper that any thing should be paid from maintenance of roads except what was actually required for repairs, they resolved to take the bungalows under their direct management and provide for their cost in the budget.

(3.) The actual cost of these bungalows in excess of receipts from fees is very small, whereas in 1873-74 the total cost of bungalows in the Presidency was Rupees 30,377 compared with Rupees 8,859 receipts from fees; the receipts in this Circle were Rupees 155 compared with Rupees 211 expenditure. They are, therefore, greatly more made use of than the bungalows generally in the Presidency; and whereas the average bungalows contribute only a little more than one-fourth of their cost, the bungalows in the Madanapally Circle have contributed more than three-fourths.

(4.) Besides these four bungalows there is the old palace at Gurramkonda which is largely made use of by travellers, and which if not maintained will soon fall into decay.

(5.) Every other Circle in the Presidency has been allowed to keep up its bungalows, which are equally used by District Officers, and there would not, therefore, seem to be any reason why the Madanapally Circle should not be allowed to do the same.

(6.) For several years these bungalows have been left without repair. Estimates have been submitted to the Revenue Board for the repair of two (Kalcudda and Sambiapully); but, as the question was under discussion, no sanction has been received. The cost of these repairs is but small.

(7.) The bungalows are now empty but would be more used if they were each provided with a few cheap articles of furniture, which the Local Fund Board are quite willing to purchase.

(8.) It is true that they are principally used by District Officers, but they are also open to all travellers, Native or European. It should also be remembered that the District Officers when travelling are engaged in Local Fund Work. It is true that District Officers receive travelling allowance for the upkeep of tents, but the existence of these bungalows in no way relieves them from the necessity of taking tents; for the officer when he comes to a place where there is no bungalow must pitch his tents.

(9.) The bungalows are now standing, and it seems a pity that they should be allowed to fall into decay when other districts are allowed to keep up the bungalows they have. The Cuddapah District is not a cool one, and the shelter of a roof in the hot weather is often welcome to the District Officer.

3. I therefore request that the Government will be good enough to extend the provisions of the Government Order under discussion to the bungalows in the Madanapally Circle as under:—

Sanepoy, Sambiapully, Kalcudda, Peelair, and Gurramkonda.

(*N.B.*—The bungalow at Kadiri has been converted into a dispensary whilst this question has been under discussion.)

4. I am aware that my view on the subject is opposed to that of Mr. Horsley; but, as the Government Order under reference does not dispose of the question of these bungalows, I trust I may be pardoned for again stating my views (which are shared by the Madanapally Board) and requesting orders.

Submitted for the orders of Government in continuation of Board's Proceedings, dated 18th June 1874, No. 1,495.

2. The bungalows referred to by the Acting President are inspection bungalows or tool-sheds and were not formally transferred to the Local Fund Board. They were consequently omitted from the general list of travellers' bungalows submitted to Government with the Board's Proceedings, dated 6th November 1875, No. 3,052-A.

Disposed of in G.O., Financial Department, dated 15th January 1876, No. 93.

3. The Board observe that no orders have as yet been passed on the Proceedings quoted in the first paragraph of these Proceedings, and on a similar reference from the South Arcot District, pending the receipt of a return called for from the Public Works Department showing the number of tool-sheds, the original cost of each, and the annual outlay required for their maintenance.

Vide G.O., Financial Department, dated 23rd May 1874, No. 879.

Read the following:—

11TH JANUARY 1890, No. 68 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From Colonel H. SMALLEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 25th November 1889, No. 2532.

[G.O., No. 2275 W., Public Works, dated 17th August 1889.]

I have the honor to forward revised estimates for alterations and improvements to the Mahal at Gurramkonda, Cuddapah district, amounting to Rs. 2,768 and 509 respectively.

2. The first estimate provides for restoring the fallen verandah on the road side in exactly the same style as the original and for putting in extra supports to the unfallen verandah on the same side, also for levelling the ground and for renewing the ornamental parapet at top.

These items amount to Rs. 1,816, and this is, strictly speaking, all that can be called *restoration*. The rest of the estimate, Rs. 952, is for general repairs to the building. The second estimate is for building a cook-room and stables for the accommodation of travellers; because, if these ideas are carried out, they will not be allowed the basement of the main building in future for cooking and for stabling.

3. If the estimates are approved, it is considered that the building must be formally handed over to the Public Works Department. It is now in charge of the Local Fund Board and used as a travellers' rest-house. Travellers would be allowed to use the upper storey in future under the same conditions as at present, but the whole of the ground-floor would be occupied by the Public Works Department as a famine tools store, for which it is well adapted. The want of accommodation for famine tools in Cuddapah district is much felt; and by putting this Mahal in order, a cheap way of meeting this want is arrived at, whilst at the same time an interesting piece of native architecture is prevented from going to ruin.

ORDER—dated 11th January 1890, No. 68 W., Public Works.

The estimates, aggregating Rs. 3,277, for additions and improvements to the Mahal at Gurramkonda in the Cuddapah division are sanctioned.

2. The Local Fund Board, Cuddapah, will be requested in the Local and Municipal Department to place the Mahal at the disposal of the Public Works Department. On completion of the improvements, the upper storey of the building will continue to be used as a public bungalow under the management of the District Board, and the ground-floor will be utilised by the Public Works Department for the storage of famine tools.

3. The necessary allotment for the work will be made on receipt of information from the Superintending Engineer as to the amount which can be spent during the current official year.

4. The Superintending Engineer will furnish the Examiner of Public Works Accounts direct with a copy of the general abstract estimate for the amount sanctioned.

5. The sanction accorded in para. 1 of these Proceedings has been registered as Provincial No. 102 W. of 1889-90, and classified as Civil Buildings, Original Works.

P. W. DEPARTMENT.

No 3042 W of 28th Novr 1895

READ the following :—

Proceedings of the Board of Revenue (Land Revenue) dated 9th October 1895.

Endorsement thereon in the Revenue Department No. 4420 Mis: dated 6th November/95.

FOR ORDERS.

The Mahal at Gurramkondah appears to have been in possession of Government for a very long period,+ but there are no records to show when and in what circumstances Government acquired it.

2. The petitioner can produce no documentary evidence in support of his statement that the building belonged to his family.

W

+ and considerable sums have been spent on its maintenance

Considering the long period that the Govt. has been in possession of the Mahal, and the absence of any documentary evidence in support of the petitioner's claim to it, the Govt: dismisses the petition.
