READ—the following papers:—

Office-note from the Chief Engineer for Irrigation, dated 24th October 1895, No. 1354 T.

In the revised price list of tents manufactured at the Central Jail, Vellore, communicated in G.O. No. 2740 W.,* dated 26th October 1894, the price of a hill tent, 10 feet square, with four folds of cloth, complete, with carpets, &c., is entered as Rs. 270, and this price is said to be fixed at the reduced rate admissible in the case of Public Works and other Government departments under articles 1279 and 1280 of the Jail Code, as compared with the prices printed in G.O. No. 676/A.W.† dated 10th March 1894, which are said to be the rates at which the general public are charged. The price of a similar tent in the latter Government Order is fixed at Rs. 230, which shows that the Government departments are charged Rs. 40 in excess of what the general public are required to pay for the same kind of tent. I therefore request that you will be good enough to have the figures in the two Government Orders quoted above verified.

I have the honour to return the office-note from the Chief Engineer for Irrigation which was forwarded to me for remarks with Mr. Francis' endorsement No. 2634, dated 4th November, and to state that the entry in G.O. No. 676 A.W., dated 10th March 1894, of the figure "230" as the price of a hill tent, 10 feet square, with four folds of cloth, complete, with carpets, &c., is a typographical error for 280. This error occurred in the original printed list furnished by the Superintendent of the Jail and submitted with my No. 160, dated 20th January 1894. The price of the tent as now given in the revised price list communicated in G.O. No. 2740 W., dated 26th October 1894, is therefore Rs. 10 less than that previously charged.
