READ—the following paper:—

From His Excellency the Lieutenant-General Commanding the Forces, Madras,
to the Chief Secretary to Government, dated Ootacamund, 14th November
1895, No. 2024 M.W.

With reference to G.O., P.W.D. No. 2320 W., of 19th September 1895, I have
the honour to forward, for sanction, two plans and two estimates, the latter amounting
to Rs. 4,900 for providing additional water pipes and fountains in the lines of the two
Madras Infantry regiments at Trichinopoly.

2. It would appear that, when the scheme for providing Trichinopoly with a pure
water-supply was originally drawn up, the local authorities accepted as sufficient two
fountains at each of the two sets of lines. These, however, have been found inade-
quate to meet requirements, and I beg to recommend the provision of the additional
ones now asked for.

ORDER—No. 3192 W., dated 13th December 1895.

The estimate, amounting to Rs. 4,900, for providing additional water pipes and
fountains in the Pioneer and Infantry lines at Trichinopoly is sanctioned for execution
when funds are available.

2. This sanction has been registered as Imperial Ordinary No. 2 W. of 1895-96,
and classified as Military Original Works.

TECHNICAL NOTE.

Name of work Laying water pipes & in the
Pioneer & Infantry lines at Trichinopoly.
Amount of Estimates Rs 4,900.

The plans & estimates under review provide for additional fountains, hydrants & pipe connections in the lines of the 4th Mad. Pioneer & Infantry, at Trichinopoly.

The original water supply scheme for the town of Trichinopoly provided for insufficient number of pillar fountains, hydrants &c. The present estimates therefore provide for 3 additional fountains, two in the Pioneer lines & one at the hospital with the necessary extension of pipe. Connection to the hospital, also for 2 extra fire hydrants with the necessary canvas delivery hose, couplings, nozzles &c. complete & two extra pillar fountains in the 23rd Infantry line as shown on tracing plans.

The above proposals it is stated are very necessary to meet the

requirements on sanitary grounds.

The estimates have been made,
signed by the D. Adjutant General
& are in order, except that
no detailed estimates have
been submitted.
