READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief
Engineer, Public Works Department, dated Dowlaishweram, 28th July 1894,
No. 286 V.Z.

With reference to your memorandum No. 2373 C., dated the 5th July 1894, I
have the honour to submit herewith a copy of the revised estimate for Rs. 3,170
together with a copy of the comparative statement now obtained from the Executive
Engineer, Vizagapatam division, for constructing a school-house at Koraput.

2. The above are the copies of the revised estimate and comparative statement
submitted to the Director of Public Instruction with this office letter No. 676 V.Z.,
dated 18th December 1892, for transmission to Government for sanction. It appears
that in submitting the estimate to the above officer some slight alterations were made
by this office which increased the amount of the estimate to Rs. 3,190 and it cannot
now be ascertained what the alterations made were.

3. The plan for the work is also herewith forwarded.

Note by the Chief Engineer, Public Works Department.

The span of the roof, viz., 17' 6", being too great for a couple roof with double
collar pieces, a truss should be inserted in each room to support the hips. This will
necessitate shifting the position of the doors and windows slightly as shown on plan,
but the result will be a saving of Rs. 160.

The estimate, amounting to Rs. 3,170, has therefore been revised accordingly.

23rd August 1894.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Chief Engineer, P.W.D.

ORDER—dated 4th September 1894, No. 2195 W., Public Works.

The estimate amounting to Rs. 3,010, as modified in the Chief Engineer's
office, for constructing a school-house at Koraput in the Vizagapatam division, is
sanctioned for execution by the Estate Engineer on funds being made available.

2. This sanction has been registered as Provincial No. 47 W. of 1894-95 and
classified as Civil Buildings, Original Works.
