less than 2,000 tons of
day will have to be removed.
Double lines of metal
ways, running on both gauge rail
Canal, will be capable of removing
the spoil in a year and a half, and
I recommend the purchase of 4 loco-
motives & 50 trucks for the
Indian Railway, & from the South
of about 8 miles off the line.

The Agent, South Indian Rail-
way, has been communicated with,
and will probably be able to
supply all the plant necessary
for the work. On receipt of appro-
val of the recommendation made
in the preceding paragraph made
arrangements can be definite.
The Agent, South Indian Rail-
way, has been made to the
Indian Railway.

Yours faithfully,
Asst. Secy.
Off. Asst. Secy.
Supt. Engrs.
Mails.
