Resolution.

Submitted to Government, with the recommendation that orders may be issued in the Public Works Department for the preparation of plans and estimates for the improvements proposed to the Deputy Tahsildar's office at Prattipadu. The Sub-Jail latrine, however, need not be a roofed one (Government Order No. 2134 Judicial dated 15th October 1895)

2... Messrs P.L.M. Muthia Chetti & co are requested to forward direct to the Collector of Godavari an iron safe similar to the one ordered to be supplied in Board's Proceedings No. 5152, dated 11th October 1895. The safe will be paid for by the Collector at the rate quoted by the firm in their letter dated 26th August 1895.

GODAVARI DISTRICT COLLECTOR'S OFFICE,

7. 10. 1895

FROM

V. A. Brodie Esquire

Collector,

Godavari District,

TO

THE Secretary to the Commissioners
of Land Revenue.

SIR,

- 1 A Verandah all round
the office building
- 2 A room in the
Verandah for
securing un-
claimed property.
- 3 A kitchen for the
Subjail.
- 4 A latrine for do.

The Deputy Tahsildar's Cutcherry
at Prattipadu in Peddapur Taluk
was built in accordance with the
old standard plan. The marginal
improvements are urgently required
for the building.

2. The Dy Tahsildar complains
that, for want of a verandah,
the office establishment are exposed
to the intense heat of the sun in
summer and constant pouring
in of rain during the rainy sea-
son and that the construction
of a verandah all round, as
provided in the standard plan,
is quite necessary to remove the

above difficulties. I therefore
recommend the construction
of such a verandah (2) At

present there is no separate
room in the Dy Tahsildar's
office for keeping the cash and
stamp boxes and unclaimed
or other properties received in
the Sub Magistrate's Court. I there-
fore propose the supply of an
iron safe in which to keep
the cash and stamps and the
construction of a verandah
room in which to secure
other property. (3) The provision of
a kitchen is indispensable as
the prisoners are at present
cooking their food in the open
air during the day and under
the eaves of the office building
during the night. (4) With regard
to a latrine it appears to be ur-
gently required in a station
like Porattipadu where there is

abundance of jungle close to the office
and the escape of prisoners is very
easy when they are taken out
to answer calls of nature.

3. The above improvements
will certainly cost more than Rs 500
and their execution by the P.W.D.
is very necessary. I have, therefore,
the honor to request that the
Orders of Government may be
obtained for their early execution
by that Department and that
Sanction may also be accorded
for the purchase of an iron safe
to be imbedded in the office
floor for the purpose above
indicated.
