SIR,

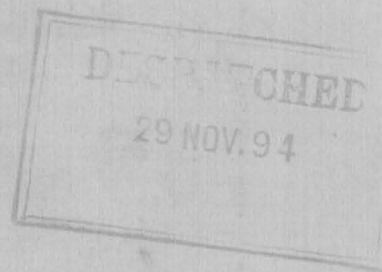

In reply to your letter No. 3058/94, dated the 28<sup>th</sup> November 1894, relative to the sale of certain military buildings at Samalkot, in the Godavari District, which are not required for military or civil purposes, I am directed to state, for the information of His Excellency the Governor in Council, that para 20, Chapter II, Public Works Department Code, Volume I, is not applicable to military buildings, and that the present proposal should be dealt with in accordance with the procedure laid down in para. 112, Chapter

intimated that he has no objection to the buildings being disposed of, and it is considered desirable to sell them instead of allowing them to fall into a state of disrepair and paying a watchman to guard them.

Enclosures.

SIR,

I have the honor to report that the  
Military Buildings at Samalkot which have  
been taken over by this Department under  
the Orders conveyed in G.O. No. 5781 dated the  
4<sup>th</sup> September 1893, <sup>communicated to me with G.O. No. 2348 w.d. 12 Sept 93</sup> are not required by this or  
by any other Department.

2. The Local Heads of other Depart-  
ments have been consulted and they state  
that the buildings are not wanted by them.

3. The officiating Quarter Master  
General to whom the matter has been  
referred through the Commanding Officer  
Vizianagaram, states "As Samalkot is  
not likely to be re-garrisoned by troops,  
the Commander-in-Chief has no ob-  
jection to the Military buildings at the  
station being disposed of."

4. I would therefore suggest the admi-

Read—the following papers:—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 6th August 1894, No. 948 G.D.

I have the honour to report that the military buildings at Samalkot which have been taken over by this department under the orders conveyed in G.O., No. 5781, dated the 4th September 1893, communicated to me with G.O., No. 2348 W., dated 12th September 1893, are not required by this or by any other department.

2. The local heads of other departments have been consulted and they state that the buildings are not wanted by them.

3. The Officiating Quartermaster-General, to whom the matter has been referred through the Commanding Officer, Vizianagram, states, "as Samalkot is not likely to be re-garrisoned by troops, the Commander-in-Chief has no objection to the military buildings at the station being disposed of."

4. I would therefore suggest the advisability of their being disposed of by sale (with the exception of buildings known as hospital and guard room which was transferred to the Pension Department under G.O., No. 622 W., dated the 6th March 1894) instead of allowing them to fall into a state of disrepair and paying a watcher to look after them.

Memorandum No. 2706 C., dated 20th August 1894.

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Suradā, 5th November 1894, No. 1518 G.D.

With reference to your memorandum No. 2706 C., dated 20th August 1894, I have the honour to submit herewith a list of military buildings at Samalkot with the book values entered against them.

2. The book value of No. 2 buildings and of the two wells is not given in the list as it is not known.

3. Building No. 4, hospital and arms room (guard room) is omitted from the list as the building was placed at the disposal of the Pension Department—*vide* G.O., No. 622 W., dated the 6th March 1894.

4. It does not appear that any of the existing buildings bears No. 7; hence its omission—*vide* register of military buildings of the Eastern division.

Letter—from the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Military Department, dated 28th November 1894, No. 3058 W.

With reference to paragraph 20, chapter XI, volume I, Public Works Code, I am directed to forward a list of military buildings at Samalkot in the Gódavari district which are not required either for military or civil purposes, and to request the sanction of the Government of India to their sale. The detachment of Madras Infantry having been permanently withdrawn from Samalkot, His Excellency the Commander-in-Chief has intimated that he has no objection to the buildings being disposed of, and it is considered desirable to sell them instead of allowing them to fall into a state of disrepair and paying a watchman to guard them.

(Signed) J. PENNYCUICK, Colonel, R.E.,  
Secretary to Govt., P.W.D.

Letter—from the Secretary to the Government of Madras, Public Works Department, to the Secretary to the Government of India, Military Department, dated 28th November 1894, No. 3058 W.

With reference to paragraph 20, chapter XI, volume I, Public Works Code, I am directed to forward a list of military buildings at Samalkot in the Gódávri district which are not required either for military or civil purposes, and to request the sanction of the Government of India to their sale. The detachment of Madras Infantry having been permanently withdrawn from Samalkot, His Excellency the Commander-in-Chief has intimated that he has no objection to the buildings being disposed of, and it is considered desirable to sell them instead of allowing them to fall into a state of disrepair and paying a watchman to guard them.

Read—the following papers:—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 6th August 1894, No. 948 G.D.

I have the honour to report that the military buildings at Samalkot which have been taken over by this department under the orders conveyed in G.O., No. 5781, dated the 4th September 1893, communicated to me with G.O., No. 2348 W., dated 12th September 1893, are not required by this or by any other department.

2. The local heads of other departments have been consulted and they state that the buildings are not wanted by them.

3. The Officiating Quartermaster-General, to whom the matter has been referred through the Commanding Officer, Vizianagram, states, "as Samalkot is not likely to be re-garrisoned by troops, the Commander-in-Chief has no objection to the military buildings at the station being disposed of."

4. I would therefore suggest the advisability of their being disposed of by sale (with the exception of buildings known as hospital and guard room which was transferred to the Pension Department under G.O., No. 622 W., dated the 6th March 1894) instead of allowing them to fall into a state of disrepair and paying a watcher to look after them.

Memorandum No. 2706 C., dated 20th August 1894.

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Suradā, 5th November 1894, No. 1518 G.D.

With reference to your memorandum No. 2706 C., dated 20th August 1894, I have the honour to submit herewith a list of military buildings at Samalkot with the book values entered against them.

2. The book value of No. 2 buildings and of the two wells is not given in the list as it is not known.

3. Building No. 4, hospital and arms room (guard room) is omitted from the list as the building was placed at the disposal of the Pension Department—*vide* G.O., No. 622 W., dated the 6th March 1894.

4. It does not appear that any of the existing buildings bears No. 7; hence its omission—*vide* register of military buildings of the Eastern division.
