Madras Meteorological Office,
15th Dec. 1895 No.

Miss E. Isis Pogson, F. R. Met. Soc.,
Meteorological Reporter to the
Government of Madras.

My dear Mr. Bliss,

Since the removal of
my Office & while the telegraphic
arrangements are being made I
have been receiving my weather tele-
grams from the Mysore
Tele. & Post Office through the hands
of this Office as arranged by the
Superintendent of Telegraphs, & through
the Daily Weather Report has been a little

later than usual in one or two
occasions, I have been able to get
it done each day. Yesterday worked
up to 2-30 p.m. then Huggins & Graham
Post. & Sub. Office only received 26 weather
messages, & for some reason or other
which I am enquiring about the Central
Sub. Office with the remaining telegrams
up by a hour who left the Office at
2-50 p.m. & did not reach the Office
till 4-30 p.m., instead of writing them as
directed to the Huggins & Graham Office where
my messes were waiting to help them on.

Though I kept all my Office staff
~~here till~~ the Chart was finished, it
was too late to send it, so I send
you copy to-day. I show up a special
matter summary for publication in
the Monitor much as far as I could
from the data on hand. --
I should be very glad indeed if
you could kindly hasten the sending
of my Telegraph Lines by means of a
D. C. note to the Sub. Department. --

Believe me,

Yours sincerely
E. S. Johnson.

My dear Sir
 Can you help Miss
 Pogson? I didn't even
 know she was moving
 her office & don't know who
 deals with the Telegraph
 people in such matters,
 you or the M.D. - Probably
 you know all about the
 matter -

Yours very truly
 H. W. Ship

No. 4067 of 17th December 1895

P. W. Department.

Memo.

The undersigned is directed
 to request that the telegraphic ar-
 rangements now under provision in
 connection with the new office of
 the Meteorological Reporter may be
 completed as soon as possible, as
 considerable delay in the receipt
 of telegraphic weather reports is
 being experienced by Miss. Pogson.
