GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following paper:—

G.O., dated 12th February 1895, No. 305, Judicial.

Read—again the following papers:—

G.O., dated 28th November 1893, Mis. No. 2487, Judicial.

ABSTRACT.—Passing orders on the list of works submitted by the Inspector-General of Police to be carried out by the Public Works Department.

G.O., dated 12th December 1893, No. 3220 W., Public Works.

ABSTRACT.—Communicating to officers, with instructions, Proceedings, Financial Department, issuing revised orders regarding powers of sanction to heads of departments as regards minor civil works of construction and repair.

G.O., dated 3rd October 1894, Mis. No. 2394, Judicial.

ABSTRACT.—Transferring, with remarks, to the Public Works Department, the list of Police works to be carried out by the agency of the Public Works Department during 1895-96.

Read—also the following paper:—

From M. HAMMICK, Esq., I.C.S., Inspector-General of Police, to the Chief Secretary to Government, dated Madras, 7th January 1895, No. 11.

I have the honour to forward, for approval and transmission to the Superintending Engineer, the Public Works Department plans and estimates, &c., amounting to Rs. 1,850 for the construction of a first-class police station at Narasannapéta, Ganjám district.

2. This work was approved of by Government in G.O., No. 1313, dated 31st May 1894, Judicial Department.

3. With reference to paragraph 2 of G.O., dated 3rd October 1894, No. 2394, I beg to invite attention to G.O., dated 16th January 1894, No. 89, Judicial (No. 1320 W., dated 12th December 1893), and to ask if this Government Order should be considered as cancelled.

Order—dated 12th February 1895, No. 305, Judicial.

As observed by the Inspector-General of Police, the orders read above are not consistent.

Their inconsistency can best be indicated by an example. If the Inspector-General of Police wishes to build a police station, he must apply to Government, through the Judicial Department of the Secretariat, for sanction to the preparation of

plans and estimates, and, if such sanction is accorded, the plans and estimates will be prepared and will be forwarded by the Superintending Engineer to the Inspector-General of Police for approval. At this stage the divergence in procedure occurs. According to the Judicial Department orders, the Inspector-General, on receipt of the plans and estimates from the Superintending Engineer, should submit them to Government, through the Judicial Department of the Secretariat, for approval and, if approved and if the estimate does not exceed Rs. 2,500, they will be forwarded by Government to the Superintending Engineer for formal professional sanction.

According to the Public Works Department Order, on the other hand, the Inspector-General, on receipt of the plans and estimates from the Superintending Engineer, will, if he approves of them and if the estimate does not exceed Rs. 2,500, return them with an intimation of his approval to the Superintending Engineer, who will then sanction the estimate.

The latter plan is the simpler and more expeditious and the Government resolves to direct that it shall be followed in future and that so much of G.O., dated 28th November 1893, No. 2487, Judicial, and G.O., dated 3rd October 1894, No. 2394, Judicial, as is inconsistent with this decision, shall be regarded as cancelled.

2. With reference to the foregoing remarks, the plans and estimate which accompanied the Inspector-General's letter of the 7th ultimo will be returned to him.
