Under Secy. to the Govt. of India.

No. 489 G., dated 18th February 1895.

From—The Government of India, P. W. Dept.,
To—The Chief Commissioner, Burma.

I am directed to acknowledge the receipt of your Secretary's letter No. 14699, dated 5th November 1894, in which he asks that explicit orders may be issued on the following points raised by the Examiner of Public Works Accounts, Burma, in connection with the supply of tents to officers and subordinates in Burma:—

- I. To what head of account should the pay of the khalasies or tent-pitchers be debited.
- II. How should the cost of the necessary establishment be adjusted in the first instance.
- III. How should the cost of the carriage of tents be adjusted in the first instance.

2. In reply, I am to say that it is understood that the khalasies are entertained from time to time for short periods for pitching Government tents used by officers on tour, wholly or partly for office purposes, and that this being so their pay may be charged to "Office Contingencies." Should, however, their employment partake of a somewhat more permanent character, they should be treated as ordinary temporary establishment. The adjustment of cost between Government and officers concerned, when the tents are partly used for private purposes, should be subsequently effected.

The cost of carriage of such tents should be allocated in the first instance to "Tools and Plant" under Public Works Department Code, Volume I, Chapter VI, para. 18.

The charges for the establishment thus engaged, and the charge for the carriage of these tents should be supported by certificates countersigned by the "Controlling Officer." The certificate should shew how the tents were used, and how the charge should be apportioned between Government and the officers who used them.

ENCLOSURE.

From the Government of India, Public Works Department, to the Chief Commissioner,
Burma, dated 18th February 1895, No. 489 G.

I am directed to acknowledge the receipt of your Secretary's letter No. 14699, dated 5th
November 1894, in which he asks that explicit orders may be issued on the following points
raised by the Examiner of Public Works Accounts, Burma, in connection with the supply of
tents to officers and subordinates in Burma :—

- I. To what head of account should the pay of the khalasies or tent-pitchers be debited ?
- II. How should the cost of the necessary establishment be adjusted in the first instance ?
- III. How should the cost of the carriage of tents be adjusted in the first instance ?

2. In reply, I am to say that it is understood that the khalasies are entertained from time
to time for short periods for pitching Government tents used by officers on tour wholly or partly
for office purposes and that this being so their pay may be charged to "Office contingencies."
Should, however, their employment partake of a somewhat more permanent character, they
should be treated as ordinary temporary establishment. The adjustment of cost between Govern-
ment and officers concerned when the tents are partly used for private purposes should be subse-
quently effected.

The cost of carriage of such tents should be allocated in the first instance to "Tools and
Plant" under Public Works Department Code, volume I, chapter VI, paragraph 18.

The charges for the establishment thus engaged and the charge for the carriage of these
tents should be supported by certificates countersigned by the "Controlling officer." The certi-
ficate should show how the tents were used and how the charge should be apportioned between
Government and the officers who used them.
