With reference to your
No. 1205 G.D. dd 14th Sep
1894 I have the honour to
state that I have inspected
the site for the proposed
Light House at Lintala
- Mondri on January 28th
with the Presidency Port
Officer, Captain Cowell
R. S. M., and Mr Ashpiter
who is now on special -

duty in connection with
Madras Light Houses.

2. I have handed over
to the latter the chart that
accompanied your letter
together with a survey of
the site that I have had
taken.

3. As Mr. Ashpittel has
made a special study of
light houses, as the design
has to be forwarded to
him for remarks, as I
have no experience nor
knowledge regarding light
-houses and as there is
very little information
to be gathered from books
on the subject, I consider
it would be far more
satisfactory if the design
was prepared in Madras
by Mr. Ashpittel who
could obtain any local
information demi-officially
from me and would have
the advantage of being
