Proceedings of the Board of Revenue

(Land Revenue).

Dated 29 January 1895.

No. 382-Mis

READ the following letter from L. C. Miller Esquire Acting Collector of Madras dated 17 January 1895 Ref No. M. 341 — Res. G.:

I have the honor to state that the Head Assistant Collector has reported that the Deputy Tahsildar's office at Tiruvadanai which was constructed on the enclosed standard design has not sufficient accommodation for the 5 clerks and 1 Dufferbund who compose his establishment. The number is in excess of the ordinary Deputy Tahsildar's establishment as he has an Income tax clerk, a Dist rent clerk and a Pound clerk. To improve the accommodation, the

No. 590 Cal 14 "February 1895

INDEXED

the Divisional Officer suggested that the verandah either on the South or north of the present "Clerks' room" might be converted into an additional room for Clerks. The Executive Engineer who was referred to in the matter, stated that "the room proposed to be formed by the Deputy Tahsildar would be 24 feet in length and less than 6 feet in breadth. I think it would be a pity to spoil the verandah in order to obtain a room of such an awkward shape". At his instance, the opinion of the Consulting Architect to the Government of Madras was sought and he agreed with the Executive Engineer and suggested the following two ways of adding to the building (1) by constructing a room 15' x 15' at A (marked in the enclosed standard plan) with verandah on three sides. (2) by constructing a new record room at B (marked in the plan) and giving up the existing record room for the Clerks. The new record

room to be arranged as shown in the plan with narrow windows between the racks with a verandah on one side only.

2. There are already two rooms to the South of the Deputy Tahsildar's retiring room erected for the use of the Sub Registrar and now occupied by him and therefore, it is not possible to adopt the first suggestion of the Consulting Architect.

3. The Divisional Officer has since made another suggestion that the two Sub Registrars' rooms might be given for the use of the Deputy Tahsildar's establishment and new rooms constructed for the Sub Registrar. This proposal does not commend itself to me as the present rooms were specially designed and built for the Sub Registrar and as the construction of a new office for him will involve a larger expenditure than the building of a record room.

4. I think the Consulting Architect's second suggestion in which

which the Executive Engineer
concurs, might be adopted. As
the latter Officer states that the
sanction of Government is necessary
for the proposed extension of the
building, I have the honor to
request that the Board will be
pleased to obtain the necessary
permission for the construction
of a new record room at B and
for the preparation of plan and
estimate therefor by the Public
Works Department.

5. A sum of Rs 800 is
allotted in the budget for 1895-96
to provide additional accom-
modation for the Deputy Tahsildar's
Office.

Resolution.

Submitted to Government
with the request that orders be
issued in the Public Works
Department for the preparation
of

of plan and estimate for the construction
of a new record room for the Deputy
Tahsildar's office at Tiruvadanai
(True Copy & Extract)
