No. 661 North Arcot Division office,
 20th February 1895.

From,
 H.E. Clerk, Esq.,
 Executive Engineer,
 To,
 The Superintending Engineer,
 IV Circle.

Sir,

I have the honor to forward herewith
 a proposition statement for a Surveyor
 on Rs 70 per mensem to be employed in the
 North Arcot Division during the official
 year 1895-96.

2. Last year from motives of economy I
 attempted to employ several men for short
 periods on small pay. The result was most
 unsatisfactory. In the first place much
 time was wasted in advertising for
 qualified men to take up the appointment
 and when the post was filled up in two
 cases the incumbents threw up their appoint-
 -ments without giving any notice. In con-
 -sequence the result of their works was
 practically nil.

3. To avoid similar occurrences this year I propose to employ Subramania Sastri, a man of considerable experience who has worked with short interval in the department for many years throughout the year. He will be transferred from one Sub Division to another as required. I append a statement of the more important works on which he will probably be employed as required by the Chief Engineer for Irrigation.

I have &c
(sd) H. E. Clerk,
Executive Engineer.

No. 40
EG dated 24th February 1895.

Copy. Submitted to the Chief Engineer for Irrigation for favor of obtaining sanction of Government to the Entertainment of the Surveyor.
