READ—the following paper :—

From A. H. GARRETT, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 22nd February 1895, No. 1242 G.N.

I have the honour to submit herewith for sanction a proposition statement under paragraph 73, chapter IV, Public Works Code, volume I, for a hospital assistant, 3rd class, on Rs. 25 with charge allowance of Rs. 15 and compounder on Rs. 6 per mensem to look after the Agency establishment and gangs of coolies working on the Mahasingi bridge and Mohanagiri ghât road in the Civil Agency works sub-division of Ganjam division during the working season, viz., from March to end of June 1895.

2. The Executive Engineer states that there are 500 coolies working on the abovementioned works and that fever is very prevalent.

3. The presence of a hospital assistant is, I think, desirable and probably it would be easier to obtain labour at Mahasingi if it were known that medical assistance was available in case of sickness.

4. If the above proposal is approved, I request that you will be good enough to address the Surgeon-General with the Government of Madras to post a hospital assistant to the place.

ORDER—dated 18th March 1895, No. 647 W., Public Works.

The employment for four months from 1st March to 30th June 1895 of a hospital assistant on Rs. 25 * and a compounder on Rs. 6 per mensem in connection with the Mahasingi bridge and Mohanagiri ghât road in the Ganjam division is sanctioned.

2. The Surgeon-General with the Government will be instructed in the Public Department to post a hospital assistant.

3. This sanction has been registered as Provincial No. 75 W. of 1894-95 and classified as Establishment, Temporary.
