READ—also the following papers:—

G.O., dated 19th June 1894, No. 482, Financial.

From the Superintending Engineer, IV Circle, dated 4th July 1894, No. 270 W.

ORDER—dated 11th July 1894, No. 1740 W., Public Works.

The demands on account of incomplete works having been met in the orders quoted above, those for new works will now be dealt with. The balance of the Provincial reserve amounts to Rs. 43,681, and as the demands are much in excess of this sum as shown in the annexed statement, many of the works brought forward will have to be deferred for the present. The allotments sanctioned are shown in column 7.

2. It has not been found practicable to make an allotment for item 4 as intended in G.O. No. 1047 W., dated 23rd April 1894. The amount required will be provided later in the year should funds become available.

3. The allotments for items 5 and 6 will also be made later in the year if possible as promised in G.O. No. 3354 W., dated 29th December 1893.

4. The grants provided for items 1 and 16, aggregating Rs. 1,311, will be surrendered to the Financial department with the request that the amount may be placed at the disposal of the Agent to the Governor, Vizagapatam.

Provincial New Works

Orders sanctioning allotments for —
during 1894-95.

4TH FEBRUARY 1895, No. 269 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Civil Works.

READ—the following paper :—

From W. HUGHES, Esq., Superintending Engineer, VI Circle, to the Chief Engineer, Public Works Department, dated Trichinopoly, 18th January 1895, No. 1248 M.D.

I have the honour to submit, for sanction of Government, and allotment of funds under the head "Provincial Communications, Major Original Works," a revised estimate amounting to Rs. 3,940, together with report and data for cutting trace of ghaut road from Attur to join road No. 49, Lower Palnis, Madura district.

2. An estimate amounting to Rs. 1,320, which was sanctioned by me under "Provincial Communications, Minor Original Works," with reference to paragraph 2 of G.O., No. 781 W., dated 20th March 1894, included provision for marking the trace merely by clearance of jungle or erection of cairns. It is, however, very desirable that the line should be traced in a permanent manner, and with this view provision has been made for excavating a width of three feet. If this be done the trace can probably be used for cooly and pony traffic. If you consider it unnecessary to open a path to this width it may be excavated two feet width.

3. The sum of Rs. 1,320 allotted in G.O., No. 1740 W., dated 11th July 1894, under Provincial Communications, Minor Works, to meet the cost of the original estimate may be withdrawn when granting funds for the revised estimate.

ORDER—dated 4th February 1895, No. 269 W., Public Works.

The revised estimate amounting to Rs. 3,940 for cutting a trace of ghaut road from Attur to road No. 49, Lower Palnis, in the Madura district, is sanctioned in supersession of the estimate of Rs. 1,320 sanctioned by the Superintending Engineer, VI Circle.

2. The grant of Rs. 1,320 * provided for the work under Minor Works, Communications, is withdrawn and credited to the Provincial reserve, from which the amount of the estimate now sanctioned, viz., Rs. 3,940, is appropriated for the work.

3. It is observed that the present estimate provides for a trace from Attur instead of from Iyempolliem as originally proposed. The Superintending Engineer will explain why this deviation has been made.

4. The sanction accorded in paragraph 1 of these proceedings has been registered as Provincial No. 99 W. of 1894-95, and classified as Communications, Original Works.
