SUBJECT.

Submitting to Govt letter
from the Commr of Malabar re-
questing that orders may be
issued in the P. W. Dept for the
preparation of plans & estimates
for constructing a stationary
Sub-magistrate's office at Palghat.

The Public Works Dept.

Mr. with disposal

Malabar Head Assistant Collector
Palghat 16th October 1894.

Ref on C. No 4785
R. 94.

To

H. M. Esquire
as Collector of Malabar.

Sir,

With reference to your memo dated 28th
August last Ref^y 3441 asking me to report whether
any improvements are necessary to the Taluk Catchment
and the Stationary Magistrate's Court Palghat, I
have the honour to submit herewith a copy of the
report (with its enclosures in original) dated 15th
September 1894 Reference on 2630 received from the
Palghat Tahsildar and the Stationary Magistrate,
whose views in the matter I had consulted. I inspected
the buildings myself and I fully agree in the statement
made by the Tahsildar in the above report about the
insufficiency of accommodation in the present building.

2. The whole of the existing building
might be utilized as the Taluk Catchment and a fresh
one constructed within the fort to locate the Stationary
Magistrate's Court. Any improvement of, or repairs to,
the Taluk office as it now exists with a view to locate
both the Taluk and Stationary Magistrate's offices
in one and the same building, does not commend
itself to me since it will only tend to cause
inconvenience to both the officers.

3. The Tahsildar reports that no
suitable building is available outside the fort to
be used as the Stationary Magistrate's Court.

until a new one is constructed, and suggest
therefore that the Taluk record room may be used
for the purpose, the records being in the mean-
while transferred to the building where the
stationary magistrate holds his office at present.
I do not agree with the Tahsildar. The present
stationary magistrate's office is not adapted for use
as a record room seeing that it is a wooden building
liable to catch fire and easily accessible to white
ants &c. I would not therefore disturb the
present condition of the two offices. A new Taluk
Cutcherry is not in my opinion necessary: but
a new stationary magistrate's office is.

4. A statement showing the
average population of the Taluk for the last 2
years is enclosed.

5. Should these proposals meet
with your approval, I shall ask the Tahsildar to
submit an estimate of the probable cost for construct-
ing the new stationary magistrate's office.

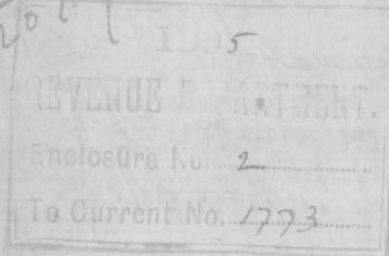

I have &c.

Sd/- M. J. Murphy.

Proceedings of the Board of Revenue

(Land Revenue).

Dated 28th February 1895.

No. 1052 Mis

READ the following letter from H. Moberly Esqre. Ag. Collector
of Malabar to the Secretary to the Commissioners of
Land Revenue, Madras, dated 8th February 1895.
Ref on C. No. 319 - P. 95.

- I have the honour to forward herewith copy of a
letter dated 16th Oct 1894, Reference on C. No. 4783
R. 94
from the Head Assistant Collector recommend-
ing the construction of a new building to be
used as the stationary Sub. Magistrate's
Court at Palghat. The Sub. Magistrate holds
his Court at present in a wooden building which
is ill adapted for the purpose for which it is intend-
ed and it is also said to be inconvenient.
2. A ground plan showing the buildings within
the Palghat fort is herewith forwarded. I request
that the P. W. Department may be instructed to
prepare the necessary plans and estimates. The
work may be carried out when funds are available.
 3. I am not at all sure that it would not be better
to build a proper Taluk Cutcherry with ac-
commodation for the stationary Sub. Magistrate.

Resolution

Submitted to Government with the request
that orders may be issued in the P.W. Depart-
ment for the preparation of plans and Estimates
for constructing a stationary sub. Magistrate's
office at Patghat according to the new standard
design.
