Office of Supt. of Works.
No. 1 Perigar Division
Perigar 20th March 1895

From

G. D. Pears Esq. :
Superintendent of Works,
No. 1 Perigar Division.

To

The Chief Engineer,
Public Works Department,
Madras.

Sir,

With reference to G. O. No 848 W
dated 29-3-94 sanctioning the appointment
of Mr. A. Taylor as Superintendent
of the Sand dredgers on Rupees 150, I
have the honor to request that you will
be so good as to move Government
to grant Mr. Taylor an increase of Rupees
25 per mensem from 1st April.

I ask this favour on the ground that
Mr. Taylor's work has turned out to be
very much more arduous than I even

anticipated

anticipated in offering him the
appointment or he in accepting it:
Instead of one dredger to Supervise he
has had 2 since Christmas, and instead
of night work being the rare exception
it has been the almost invariable
rule since November. To these will
shortly be added the fact that instead
of working at Mulian 8 miles from
Perigar, he will have to move his
dredgers 2 or 3 miles still further up
river to a spot even more inaccessible
and unattractive.

2. Mr. Taylor's appointment has had
all the effect anticipated in inspiring
carefulness and industry from the
young drivers employed on the dredgers,
and his salary has undoubtedly been
covered many times over by the savings
in delay and expense, thus achieved.
He has also worked always so cheerfully
by night as well as by day and in
all weathers, that I am the more
satisfied

ready to recommend the increa.
now asked for, for the remaining
year of the works.

I have the honor to be,
Sir,

Your most obedient servant

SIR,

ENCLOSURES.

With reference to G.O. No.
520 W dated 6 March 1895, Executive
Engineers have been instructed to
attend to the matter referred to
in paras 19 & 20 of the Examiner's
Notes.

2. The settlement of Contractor's
accounts referred to in para 21 of
the notes will be attended to at
once. I may mention that the
Contractor for Dursini Cutcherry
submitted only last week a de-
tail statement of his claims & of
his objections to the bill prepared
by the Executive Engineer.
