FROM

THE SUPERINTENDING ENGINEER,

6th CIRCLE.

TO

THE CHIEF ENGINEER,

P. W. D. Esquire

SIR,

ENCLOSURES.

With reference to G.O. No. 365 of 13 February 1895, sanctioning the sub-statement of a temporary clerk on Rs 20 for 6 months for the preparation of abstract water returns of the Tambaparni river at certain intervals, I have the honor to state that when applying for the clerk I intimated that he should work under the direction of the Division Head Draughtsman. I was not aware that the Executive Engineer would be able to get a draughtsman for the rate

rate of pay proposed. He now
reports that he can get a draughts-
man for \$20 and that the
Head draughtsman's time is fully
occupied by his current duties.
Under the circumstances I have
sanctioned the employment of a
draughtsman instead of a clerk
and request your approval.

I have the honor to be,
Sir,
Your most obedt. Servant

W. Hugler

Superintending Engineer
