

Copy of Communication from
the Deputy Collector on General
duties, Madura Division, to the Col-
lector of Madura:—

I have the honor to state
that a sum of Rs 35,000 has been pro-
vided for compensation for land
to be acquired around the Tirumal
Raicki Palace for 1894-95. The In-
-cumbent Engineer, Madura Division,
requested to be informed as to how
much of the allotment could be
spent before the close of the current
official year, and I replied to him
that Rs 20,000 might be spent.

2. I have inspected all the
houses to be acquired once with the
Revenue Inspector and again in
company with Sub Engineer Mr.
Dithyananda Mudaliar, and noted
down the approximate value of each
of the buildings. The total comes to
Rs 9,345. The value of the land
remains yet to be ascertained—

I issued notices to the owners of the houses to appear before me with the documents, if any, they may have in their possession. Some of them appeared with their documents and the rest failed to produce any document. Those that appeared demand a very high price which to my mind, seems exorbitant. I tried to get information from the sale deeds registered in the Talla-kulam Sub. Registrar's office, but the information obtained is not of much value to me. I think that almost all the cases will have to be referred to the Court under Section 18 of the Land Acquisition Act I of 1894. I could not therefore spend any amount out of Rs 20000 applied for during the year. I shall pass awards in all the cases in the course of a month or two and let you know the probable amount that may be required for 1895-96, in the beginning of June next.

2. I request that the Government
may be informed of this.
