Note.

The II Circle has at present 53 Asst Engineers and Upper Subordinaries against a total rated strength of 54. The existing strength however includes —

- (2) Mr. J.W.S. Smyth E.S. 3rd class who is acting Asst S.D. & vice Mr. Ashpitel on other duty. and
- (3) Mr. Bond Esq. Asst Engineer who is to officiate as E.S. of the B.C. District during Mr. Russell's absence on 3 months leave from 29.4.95.

So that for the next few months the Circle will be at short of its working staff.

The S.E. has already been told that additional upper subordinaries would

I don't know whether any action has already been taken with respect to the selection of candidates for the three temporary posts sanctioned for Krishna West.

It should be brought to Div's notice that the third post on Rs 60 should also be filled by S.W. The S.E. seems to think that the S.E. empowers him to make the appt. himself. He might be asked to name the man selected by him, in order that the appt. may be formally made by Govt.

S. Saivasegamanis application is submitted vide linked file. If considered suitable he might be given a trial.

Para 2 of the letter. The S.E. apparently means to transfer the temporary overseer to the Western Delta Project from another part of the Div. Any new appointment will have to be made by the Chief Engineer.
