

Letter No: 3107 dated 21st December/94 from
The Executive Engineer Karnool Division to
The Collector of Karnool.

I have the honour to forward

herewith in Original Certain Correspondence
detailed in margin for your information

Letter No: 1144 of 13-12-94
from Lower Sub-Office

" 543 of 7-12-94
from Dist. Medical
& Sanitary Officer
Karnool

with a bill for
Rs: 10 of 9-9-94

and to request to know whether in case of

the fee for wound Certificates being a

perfectly legitimate demand, the bill may

be met from the fines imposed on the

persons who inflicted the wound and

who were convicted before the magistrate

and fined Rs 30 and Rs: 20 respectively.

2. The subject briefly stated is as follows.

Two bankers whilst driving cattle to the

ground were assaulted by the owners

and beaten, the owners were prosecuted

and in order to strengthen the case, the

overseen got wound Certificates from the

Hospital Assistant and for these Certificates

he claims a fee of Rs: 5 each.

3. I do not know the rules obtaining in

the Medical Department and on my
representing

referring the matter to the District Medical and Sanitary Officer he replied that the claim is admissible on the ground that it was a private transaction, but this is not really the case as I have pointed out above.

4. If you cannot authorize the payment out of the fines, I shall have to get the sanction of Govt. to the payment of the fees.

5. I have also the honour to enquire, whether in a case like this one, of a public servant being assaulted in the execution of his duty, some compensation is not payable to the individual assaulted out of the fines levied.

Madras, 2^d March 1895

OFFICE NOTE No. 737 $\frac{2}{2}$

To

W.

Your office note No. 474 C. dated 7th.

February 1895.

It seems clear that had the overseer put the matter of the assault on the bankers into the hands of the police any wound certificates which it might have been necessary to obtain could have been procured without any fee- If however, the Hospital Assistant is entitled under the rules of the medical department to claim a fee for granting the wound certificates to private persons he would seem to be entitled to payment of such fee in this case & the liability for the payment would appear to rest either with the bankers' aggressors or the overseer. Government has clearly no liability in the matter, the overseer having apparently acted entirely on his own responsibility in the action he took.
