READ—the following paper:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 3rd April 1895, No. 961 G.

With reference to your letter No. 2947 W., dated the 15th November 1893, in which you state, in regard to the proposal to place the warrant officers of the Public Works Department of the Bengal, Madras and Bombay lists on one roster for promotion, that as it would not be advantageous to the Military subordinates of the Madras Presidency, His Excellency the Governor is not prepared to accede to the proposal, but would in preference accept the scale adopted by the Government of India, viz., two-fifths of the total number of Military subordinates, I am directed to state that, after further consideration, the Government of India have recommended to the Secretary of State the retention of the present scale of 21 warrants for a further period of five years. It has also been observed that, under the operation of the instructions conveyed in Public Works Department No. 2194 G., dated the 9th July 1894, regarding the recruitment of Military subordinates, the numbers of this class will probably increase, or at any rate not decrease.

2. As the Administration of Burma is now included under the Madras Military Command, it has been found necessary to decide that for the future all non-commissioned officers posted, on first joining the department, to Burma shall be borne on the Madras Unattached List. This will not, under the circumstances, cause any inconvenience at present in regard to promotions on that list. The Government of India have under consideration the question of transferring the whole of the Military Upper Subordinates in Burma to the Madras list. Should this intention however be carried out, an adjustment between the Madras and Bengal scales will probably be made.
