Note by the Chief Engineer, Public Works Department.

In the report accompanying the estimate for constructing an upper story over
the treasury compartment of the Collector's office at Mangalore to accommodate
the District Forest-officer, it is said that the foundations and the walls of the com-
partment are considered sufficiently strong to carry the proposed upper story. They
should be examined before the work is commenced so as to leave no doubt on this
point.

2. The schedule rates given in the data list accompanying the estimate differ
from those in the latest schedule available in this office, dated 11th June 1891. It is
probable that the rates have since been revised, and, if so, a copy of the revised
schedule should be submitted as early as possible.

3. It is proposed to lay the foundations partly of concrete and partly of laterite in mortar. The undersigned considers it advisable to lay concrete throughout to ground level. A saving of Rs. 30 will be effected thereby. The estimate is accordingly reduced to Rs. 4,090 and submitted for the sanction of Government.

NOTE BY TECHNICAL SECTION.

Name of work Constructing an upper floor over the Treasury compartment of the Collectors office at Mangalore.
Amount of estimate Rs 4120

The plan & estimate under review amounting to Rs 4120 for Constructing an upper floor over the Treasury compartment of the Collectors office at Mangalore to accommodate the District Forest Officer, have been framed with reference to G.O. No. 144 W dated 18 Jan 1894 and in consultation with the District Forest Officer, South Canara.

The existing foundations of the Treasury compartment is reported to be sufficiently strong to carry the proposed upper floor which is to consist of an office room 29'9" x 18'6", clerks room 29'9" x 26'0" with a verandah & verandah bath room 10'4 1/2" wide as per plan.

Revision has been made in

 Note by the Chief Engineer, P. W. Department, dated 22/4/95

The estimate amounting to Rs. 4,090, as altered by the Chief Engineer P. W. D., for constructing an upper story over the treasury compartment of the collector's office at Mangalore to provide accommodation for the District Forest Officer, is sanctioned and the amount is appropriated from the Provincial reserve.

2. Attention is drawn to the note by the Chief Engineer, P. W. Department, recorded above.

3. This sanction has been registered as Provincial No: 9 W of

in the estimate for dismantling the existing tiled roof & re-roofing with the same materials the upper floor, constructing the upper floor walls, providing boarded floor, partitioning the stationery room in basement floor in order to provide a staircase room & for providing a new wooden staircase with the necessary alterations of doors & windows &c. as shown on plan.

The scantlings for roof & woodwork are correct & the rates are fair.

Data lists have been submitted for a few of the rates from which it will be observed, vide pencil notes, that the rates noted "as per schedule" do not agree with the latest schedule available in this office dated 11th June 1895, probably the schedule of rates has been revised, a copy of which should have been submitted to this office.

The plan & estimate have been considered by the Collector of the District and approved in the Revenue Dept.

P.S. The foundations are to be laid partly of concrete & partly of rubble in mortar, if concrete be substituted throughout to ground level & savings of Rs 30 will be effected.

This alteration is to be made -

The estimate may be sanctioned subject to the above -

20% Contingencies & petty exps 62
Total savings Rs 141.

Total excess Rs 542

Data has been furnished for the high
tendered rate of Rs 56.10.. for retensing
terrace roof & plastering with
Portland cement per sq. yd. against
the sanctioned rate of Rs 22.... per sq.
The sanctioned provided for 3/4 old terrace
bricks whereas no old terrace bricks
& flat tiles could be used, as ordinary
terrace bricks are not available in
the West Coast, machine made bricks
9"x4 1/2"x1" & flat tiles 6"x6"x 1/2" had
therefore been used instead at Rs
25 & 20 respectively against Rs 5 & 1.10..
hence the excess.

The completion report has not
been verified by the Examiner,
P. W. Accounts

The original estimate allowed for
a good deal of the wood in the
old building being used, when
it came to be examined it was
found rotten & new wood has
to be substituted.

The rate for terracing had to
be raised as machine made
bricks & flat tiles had to be used
in place of ordinary terrace
bricks, the "amount" has thus
increased from Rs 75 to Rs 193.10.7.

The reasons given for excesses
seen reasonable & the estimate
may be passed after the completion
report has been verified by
the Examiner.

NOTE BY TECHNICAL SECTION.

Name of work Continuing an upper story
 to the Collectors office at Mangalore.

Amount as estimated Rs 4632
 Amount sanctioned Rs 4090
 Total excess Rs 542.

The SE IV Circle, submits a re-vised estimate in the form of a Completion report, amounting to Rs 4632, for Continuing an upper story over the Treasury compartment of the Collectors office at Mangalore to provide accommodation for the District Forest Officer in lieu of the original estimate, amounting to Rs 4090, sanctioned in G.O. W. 982 W dated 26 April 1895.

The excess of Rs 542 or 13.25% on the sanctioned estimate is due to the following causes:-

- | | |
|---|---------------------|
| (a) To insufficient provision in original estimate | Rs 328. |
| (b) Excess due to tendered rates on certain items | 244. |
| (c) Extra work found necessary during execution not estimated for | 111 |
| | <u>Total Rs 683</u> |
