Letter from the Executive Engineer,
Kistna Western Division, to the
Superintending Engineer, 2nd Circle,
No. 202 S. dated 9th August 1895.

I have the honour to request
permission to be allowed to visit
the Godavari Irrigation works on duty.
I would propose to make a trip
of about 3 weeks starting about the
middle of September.

2. As it is difficult to fix a
programme before hand, I would
ask for some license as to the period
of the trip. I might be able to see
everything I thought necessary in 2
weeks and on the other hand, a
month might be usefully employed.

3. I chiefly wish to enquire into
points connected with, distribution
of water, Alignment and Hydraulic details
of channels, Treatment of River sets,
and the alignment, working, and
maintenance of drains.

4. These are, I think the most
important points in the present
state of developement of the portion
of the Kistna delta in my charge.

5. If my request is granted I would ask for orders as to whether I should hand over charge of my Division or not. I do not think it would be necessary to do so. I could arrange for all current work being carried on by Mr. S. A. Subramanya Iyer, who would also take any necessary action in the event of an accident occurring and all important papers could be easily forwarded to me.

6. From the middle of September to the middle of October is what may be called the slack time in the Delta, and there is very little probability of an accident occurring during that period.

Forwarded to the Chief Engineer, Public Works Department for favour of orders.

The undersigned recommends that Mr. Malet's request be granted.

From the Superintending Engineer II Circle No. 1058 K.S. 13 August 1895

Read the following

Under article 1137 of the
Civil Service Regulations, Mr.
A. A. G. Malet, Executive Engineer
Kistna Western Division, is autho-
rised to visit the Godavari Ir-
rigation works on duty at the
public expense.

2. The duration of the visit
should not exceed one month.

3. It is not considered necessary
that he should hand over charge
of his Division, provided
arrangements can be made
to carry on the current work
in his absence.
